TOTAL OUTLAYS OF \$2,111,091,000 IS COMMITTEE URGE

NATIONAL RESOURCES COMMITTEE REPORT TRANSMITTED CONGRESS THURSDAY

WASHINGTON, Mar. 10.—(P)—Total outlays of \$2,111,091,000 on federal and non-federal projects were recommended by the national resources committee today in a report sent to congress by President Roosevelt.

The President, in his letter of transmittal, described the report as a "comprehensive national plan for the conservation and development of our water resources."

The report recommended use of \$801,091,000 on primarily federal projects and \$1,220,000,000 on non-federal developments in which local communities would share in the cost.

"Recommend careful study of these documents by the congress," the President said, "because they present a frame of reference for legislative programs affecting water conservation, and because they illustrate an approach to the systematic husbandry of our natural resources on a democratic regional basis."

The report proposed a six year construction and investigation program for the utilization and conservation of the nation's water resources and a unified policy on water control and development.

In accordance with message, the President told the congress the report was in accordance with his message of August 13, 1937, when he asked a Senate resolution authorizing the drafting by army engineers of a broad flood control plan. In that veto he said the "local and regional basis" of planning was ignored.

Roosevelt said the proposals recommended by the resources committee were based upon findings of 45 joint state-federal basin committees composed of more than 300 local state and federal officials.

"The proposals in the report," he said, "provide a guide for authorizations of surveys and construction of irrigation, flood control, navigation, rural water supply, wild life conservation, beach erosion control, hydro-electric power, and other water projects."

"Because it was necessary to see WATER RESOURCE, Page 11

U. S. EXPORTS MORE AND IMPORTS LESS IN MONTH JANUARY

UNITED KINGDOM ALMOST DOUBLES PURCHASES OVER A YEAR AGO

WASHINGTON, March 10.—(P)—The United States sold more goods to and bought less goods from every section of the world in January than in the same month last year.

The Commerce department said today January exports totaled \$288,457,000, compared with \$222,065,000 in January, 1937. Imports dropped from \$240,252,000 to \$170,763,000.

The department's monthly report also showed for the first time how trade was divided between countries with which the United States has reciprocal trade agreements and those countries without agreements.

The innovation in the new agreement with Czechoslovakia and the pending negotiations with Great Britain.

Compared with the same month last year, January exports to agreement countries increased from \$81,686,000 to \$97,813,000, while exports to non-agreement countries increased from \$140,979,000 to \$101,024,000. Imports from agreement countries decreased from \$97,609,000 to \$74,122,000 and imports from non-agreement countries dropped from \$142,843,000 to \$96,641,000.

The United Kingdom, largest American customer, increased its January purchases from \$35,253,000 to \$62,887,000 while reducing its sales to America from \$18,400,000 to \$9,972,000.

YESTERDAY: House revolt struck closely-held corporation levy from tax bill. Senate debated government reorganization and the proposed investigation of TVA.

TOM MOONEY WAS GIVEN HEARING BY CALIFORNIA SOLONS

CONVICTED PREPAREDNESS DAY PARADE DYNAMITER PLEADS HIS CASE

SACRAMENTO, Calif., Mar. 10. (P)—Tom Mooney, convicted Preparedness Day parade dynamiter, appeared personally before the state assembly today to further his long and vehement campaign for freedom and vindication.

Mooney appeared as the result of a legislative subpoena issued by the assembly while his sympathizers in that body prepared two measures designed to declare him innocent and give him his freedom.

The assembly voted 38 to 20 against permitting broadcasting of Mooney's speech and the facilities for him to be provided.

Assemblyman Paul Richie, introducing Mooney, presented him as a victim of "an unjust conspiracy."

"Since his conviction," Richie said, "the State of California has been on trial and is on trial today."

"I wish to express my admiration for a man who has given 22 years for humanity," Mooney could hardly be heard as he opened his plea. "I wish," he said, "to give thanks to those responsible for permitting me to appear here. I have a deep sense of appreciation for the opportunity to present my case."

"It is difficult for one who has been in prison for 22 years to see MOONEY, Page 11

ANOTHER REVENUE BILL MAY BE ASKED TO REPLACE TAXES

REMOVAL OF CLOSELY HELD CORPORATIONS TAX WILL LEAVE SHORTAGE

WASHINGTON, March 10.—(P)—The House decided tentatively today to increase the tax on liquor from \$2 to \$2.25 a gallon as a means of obtaining part of the \$30,000,000 to \$40,000,000 which might be lost by the tentative discarding of a proposed tax on closely held corporations.

WASHINGTON, March 10.—(P)—Chairman Doughton (D-N.C.) of the ways and means committee suggested today that congress might be asked to enact a second revenue bill to make up the estimated \$30,000,000 to \$40,000,000 pared from the prospective yield of the tax revision measure by removal of a levy on closely held corporations.

He said that was his own idea and did not necessarily represent the views of his committee.

He added that he had not received from the treasury any suggestions for additional revenue and had not asked for any, although he had discussed the revenue situation with Secretary Morgenthau this morning.

Earlier Morgenthau told reporters the treasury was preparing alternate revenue-raising proposals for Doughton's guidance should the latter desire them.

WASHINGTON, March 10.—(P)—Secretary Morgenthau announced today.

See CONGRESS, Page 11

SECRETARY ICKES CHARGES WILLKIE WITH CONSPIRACY

SAYS EFFORT MADE HOLD UP WPA-MUNICIPAL POWER PROJECT

WASHINGTON, March 10.—(P)—Secretary Ickes made public a letter today in which he charged Wendell L. Willkie, president of Commonwealth and Southern, with asking the Public Works Administration to "conspire" with him to hold up a \$150,000,000 WPA-Municipal power project in the Tennessee valley.

Ickes' letter, addressed to Mayor Watkins Overton of Memphis, Tenn., was in reply to a telegram from the mayor asking whether PWA would recommend delay in construction of electrical distribution systems.

The mayor noted that Willkie, in provisionally accepting an invitation from Director David E. Lilienthal to meet TVA officials in Chattanooga on March 15, said he would cooperate only if the PWA-Municipal Power program was brought to a "standstill" in the meantime.

Lilienthal proposed the Chattanooga conference for a discussion of purchase by TVA and localities of private power systems.

Ickes assured Overton, PWA would carry out its contract for \$81,225,544 of loans and \$38,412,408 of grants made on 61 projects in 23 states unless the municipalities, See T. V. A., Page 11

CRIMINAL ACTION FORECAST RESULT WHITNEY PROBE

DEWEY AND NOONAN BOTH MAY BE CALLED INTO COLLAPSE INVESTIGATION

NEW YORK, Mar. 10.—(P)—The criminal division of the United States attorney's office and District Attorney Thomas E. Dewey today both entered the investigation of the collapse of Richard Whitney and Co., headed by Richard Whitney, five times president of the New York Stock Exchange.

Dewey, famous as a racket prosecutor, informed Assistant State Attorney General Anthony V. McCall, conducting a public hearing today, he would be glad to assist in any criminal aspects of the case that might arise. McCall said he accepted the offer.

Gregory F. Noonan, chief of the federal prosecutor's criminal division, said he had been instructed by Brian Mahon, assistant United States Attorney General in Washington, to begin an investigation of the case with a view to presentation before the federal grand jury, with the cooperation of Bankruptcy Referee Irwin Kurtz and the securities and exchange commission.

J. P. Morgan & Co., sent McCall a memorandum answering a subpoena explaining that Whitney \$500,000 on an unsecured note in 1932, he paid them \$16,000 on it during 1936, and last year the note was made collectible from Richard Whitney & Co. Instead of Richard Whitney personally, the note was reduced another \$10,000 to \$474,000 and J. P. Morgan & Co., as such disposed of the "asset" by letting certain partners, including the estate of the late Thomas Cochrane, acquire it.

Thus, Whitney's personal obligation was transferred to his company, J. P. Morgan & Co., and the "asset" was transferred to "certain partners," George Whitney, brother of Richard, is a Morgan partner, but it was not implied that he was especially interested in the note. He was said to be in Florida.

NEW YORK, March 10.—(P)—Richard Whitney and the other COURT TRYING 21 FORMER GOVERNMENT OFFICIALS RECESSES

FATE OF SCORE OF RUSSIAN TRAITORS WILL BE KNOWN SOON

MOSCOW, March 10.—(P)—The court recessed today while Prosecutor Andrei Y. Vishinsky wrote his speech summing up conspiracy and murder charges against 21 defendants in Moscow's greatest thriller—alleged medical murders of a famous author and eminent politicians for love and political advancement, the plotting of a palace revolution, the poisoning and interrogation spy intrigues involving confessed agents for Great Britain, Poland, Germany and Japan.

Vishinsky's demand for "the maximum measure of criminal defense" was shot in the back of the head as he expected to last an entire day.

Then would be handed to the court the fate of the defendants, many of them once the chief figures in the Russian revolution.

WIFE OF ALASKA GOVERNOR IN RATHER VIVID DESCRIPTION OF CALIFORNIA FLOOD SITUATION

LOS ANGELES, March 10.—(P)—Mrs. John Troy, first lady of Alaska, summed up in a humorous sentence today her escape from a wild flood in Southern California's worst storm.

"We were too scared to pray, too wet to cry and too darned cold to swear."

Mrs. Troy, wife of Alaska's governor, finally emerged yesterday from devastated San Gabriel Canyon, where she and 30 others were huddled like mice in a cave for a brief rest when the storm broke last Wednesday.

"I don't think I ever had such a workout in my life," she said.

"All of a sudden, half the cabin washed away. Imagine our surprise! We figured we'd better start traveling for higher ground pretty fast—so we did."

"I put some bread and some canned things in a paper sack—

CALIFORNIA CLEARS ROADS WRECKED BY HEAVY RAINS

A big shovel is shown in action clearing a boulevard in San Bernardino, Calif., one of the main arteries to Los Angeles. The highway was covered with several feet of gravel in the recent flood, which isolated San Bernardino.

LARGE ATTENDANCE EXPECTED MEETING EMPLOYER, EMPLOYEE

FRANK OPEN DISCUSSION OF EVERY PHASE OF BUSINESS ACTIVITY

Frank, open discussion of every phase of business activity and possibility is invited from everyone attending the "Employers and Salespeople Forum" at the Corsicana Junior High School Thursday evening at 7:30, according to the sponsors of the meeting. The prepared talks will be brief and only sufficient to outline the problem in general it was announced.

Special invitations were extended to every traveling representative of every company doing business in Corsicana and Navarre county to be present at the meeting and give others the benefits of their views and experiences.

Every employer and employee of every business establishment of any kind in Corsicana and the county is urged to be present at the meeting. The forum is being sponsored by the Retail Merchants committee of the Corsicana Chamber of Commerce with Festus A. Pierce as general chairman. Arrangements for the forum were made by a committee composed of S. J. Miles, chairman; W. H. Smith and the general chairman, Sydney Marks will preside at the meeting, which will be opened by musical entertainment under the direction of Joel C. Trimble.

The program follows:

"The business outlook for Corsicana and Navarre county"—R. W. Knight.

"Reselling Corsicana and Navarre county to its own business men and sales people"—F. H. Harvey, Jr., district manager of the Texas Power and Light Company.

"What are the essentials of a successful, modern retail establishment"—Jay A. Silverberg, K. Wolens Department Store executive.

"What the traveling salesman and retail sales people can do to help business"—Mrs. L. S. Cooper.

"What the Chamber of Commerce expects to do that will directly or indirectly help business"—J. M. Dyer, president of the Corsicana Chamber of Commerce.

Donley Pioneer Dies.

CLARENDON, March 10.—(P)—Funeral services were to be held today for Richmond Bowlin, 68, pioneer Donley county citizen.

Fire Threatens Many Cripples In Detroit Building

DETROIT, March 10.—(P)—At least four persons were injured today when flames swept a six-story downtown building where upwards of 100 crippled or handicapped persons employed by Goodwill Industries, Inc., were working.

Two employees burned as they fled down fire escapes said they believed most of the workers in their departments reached safety. Rescue crews still were unable to enter the building more than an hour after the fire was discovered on the second floor.

A majority of the women employed by the Goodwill Industries a charitable organization providing work for handicapped persons, were in a basement cafeteria and marched to the street without harm.

Five alarms brought all downtown fire apparatus to the scene. Chester Bayless, a steam presser, was burned severely as he led a crippled girl down the building's fire escape.

FRENCH PREMIER CAMILLE CHAUTEPS RESIGNED THURSDAY

UNABLE TO WIN FROM PARLIAMENT POWER TO RE-ORGANIZE FINANCES

PARIS, March 10.—(P)—Leon Blum, socialist ex-premier, today accepted President Albert Lebrun's mandate to attempt formation of a new cabinet, replacing the resigned government of Camille Chautemps.

Chautemps resigned because he could not get from parliament powers to reorganize French finances by decree, Blum, head of the First People's Front government, resigned last June 21 for the same reason.

Before he went to the Elysee Palace at Lebrun's summons, Blum received assurance of the support of his socialist party and conditional promises of communist backing.

Chautemps stepped out after only 51 days of power for his second People's Front government.

PARIS, March 10.—(P)—Premier Camille Chautemps resigned today because he could not win from parliament the power to reorganize French finances and cut government expenses by decree.

Leon Blum, head of the first people's front government, bid for Chautemps' vacant post. He declared himself ready to try to form another coalition government as leader of the Socialist party and awaited a call from Chautemps.

Communists and left wing socialists both demanded another people's front but observers predicted Blum would attempt to bring the center into a government majority.

The premier wanted the decree powers, he told a crowded, silent

SOUTH CALIFORNIA THREATENED AGAIN BY FLOOD WATERS

OCEAN STORM BRINGS ADDITIONAL RAINS; RIVERS STILL BANK FULL

LOS ANGELES, March 10.—(P)—An ocean storm bearing down upon California today threatened new downpours in flood-stricken southern counties.

Most seriously imperiled was Orange county, where the Santa Ana river still ran bank full and the levee system badly needed repairs.

A serious shortage of men and equipment existed for the river work, since many communities were in the midst of mopping up last week's flood damage.

Rain continuing two days was forecast today by the weather bureau. The storm was expected to spread over the already saturated coastal plain and bring

ONE-TON BOUQUET OF ROSES ONE OF AFTERMATHS AMARILLO MOTHER-IN-LAW DAY PROGRAM

AMARILLO, March 10.—(P)—A one-ton bouquet of roses, relic of yesterday's mother-in-law day celebration, was dismantled today. The 5,000 roses brought cheer to shut-in mothers-in-law, hospital patients and orphans.

Mrs. Franklin D. Roosevelt, recipient of the huge bouquet, suggested the distribution of the roses.

Another reminder of the celebration, a friendly feud between Governors Alford of Texas and Tingley of New Mexico, showed no signs of wiling. Months before the celebration Alford and Tingley exchanged left-handed compliments about each other's horsemanship.

Yesterday's parade, in which the two governors were astride paint ponies, was to settle the question of who was the better rider. However, Gov. Teller Ammons of Colorado, once a cowpuncher, who

FORTY INJURED AND MANY ARRESTED AS AUSTRIANS BATTLE NAZIS AND FATHERLAND FRONTS CAMPAIGN FOR SUNDAY PLEBISCITE

VIENNA, March 10.—(P)—Street fights in which at least 40 were injured and many arrested broke out today in Vienna and Graz as Austria's political strife reached a new pitch of bitterness in the campaigning for Sunday's plebiscite.

Nazis, angered by Chancellor Kurt Schuschnigg's sudden call for a vote on his policy by Austrian independence, clashed in both cities with members of the Fatherland front, the Chancellor's party.

In Graz, capital of Styria, and hotbed of Austrian nazis, the dread words "civil war" passed menacingly from mouth to mouth when grim-faced nazis and Fatherland front members toured the city in trucks armed with clubs, poles and other weapons.

Seventeen were injured in Graz street clashes; 12 more were hurt there by clubs of police breaking up demonstrations. Vienna counted at least 11 hurt.

At dusk 5,000 shouting, excited men and women thronged Vienna's main arteries, almost stopping traffic. Reinforced police squads were unable to cope with the crowds. Truckload after truckload of police were rushed to the scene.

In Linz nazis hoisted a huge swastika flag to the top of the city hall.

Nazis in Graz held a mass meeting before the city hall, yelling "Get rid of Schuschnigg—Heil Hitler!" until police dispersed them.

Troops moved through the streets of Graz. Three companies were each entering Vienna.

Graz nazis leaders said they were only awaiting orders before starting a campaign such as Austria had never known.

In Vienna, the cries of "Heil Schuschnigg" and "Heil Hitler" swelled throughout the day above the usual roar of traffic.

The entire police force was called out on an emergency basis that will continue through Sunday.

The two main army garrisons at Vienna were held in readiness with motors of troop lorries constantly running.

The old sedate, friendly, easy-

Von Ribbentrop Gets Unfriendly London Greeting

LONDON, March 10.—(P)—Unfriendly demonstrations today greeted Joachim von Ribbentrop, Germany's foreign minister, both before and after a conference in which he and Britain's foreign secretary canvassed the whole field of Anglo-German relations as Von Ribbentrop left the foreign office after more than two hours with Viscount Halifax, new director of British foreign policy.

Cries of "get out, Ribbentrop!" and "release Niemoller" and Thaelmann" were shouted at the German diplomat referring to the Rev. Martin Niemoller, held in a German concentration camp, and Ernst Thaelmann, German communist leader, held without trial since 1933.

Von Ribbentrop came to London yesterday, ostensibly to take formal leave of his old post as ambassador to Britain, but his visit was seen as a prelude to an opening of Anglo-German conversations in search of European appeasement.

RURAL DISTRESS IS REPORTED ACUTE IN PLAINS STATES NOW

CHIEF OF SOIL CONSERVATION SERVICE APPEARS BEFORE SENATE COMMITTEE

WASHINGTON, March 9.—(AP)—Rural distress is acute in the Great Plains states of the west. H. H. Bennett, chief of the soil conservation service, told the senate unemployment and relief committee today.

About 70 per cent of the land in the vast area extending from the Panhandle of Texas to the Canadian border has been affected in some degree by wind or water erosion, Bennett testified. He asserted that the problem of soil erosion must be solved "if the agriculture of the great plains is to become stable and secure."

Bennett estimated that 50 million acres of once productive agricultural land "has been virtually ruined for cultivation" by erosion, resulting in serious rural impoverishment.

The soil conservation chief recommended continuation of government aid to distressed farmers who are economically unable to meet the problem of soil erosion themselves.

"If our erosion control program is made adaptable to persons without means, or with inadequate means, by permitting greater federal contributions to impoverished farmers, such unfortunate operators may be able to continue on a subsistence basis without being forced to relief," Bennett said.

"Conversely, if sufficient relief should be provided, it is possible that such individuals might be able to contribute enough to the current erosion-control program to check the loss of their soil and eventually to emerge as self-sustaining subsistence units."

Airplane Powered With Ford Engine On Exhibition Here

Sam Coffman, factory representative of the Arrow Aircraft Corporation, Lincoln, Neb., and Gene Huddleston, mechanic, landed their Ford V-8 powered low-wing two-place Arrowport monoplane in a field behind the I. O. O. F. home on Highway 22 today, and will be in Corsicana for several days demonstrating the plane.

The plane is the only government licensed plane in the world that is powered with a Ford V-8 stock engine. It has a maximum speed of 100 miles per hour, cruising speed of 90 miles per hour, range of 300 miles, and maximum ceiling of 14,000 feet. The Arrowport is equipped with dual controls.

Mr. Coffman said the Ford V-8 engine is interchangeable, and the only parts necessary to adapt it to use in an airplane are a special propeller shaft and a special type oil pan. It uses any standard 70 octane automobile gasoline and oil.

CORONATION OF THE COURT OF THE SOUTHLAND BE HELD FRIDAY EVENING HI SCHOOL AUDITORIUM

The following program will precede the coronation of the "queen" of the whole high school, Miss Martha Martin and the court procession Friday evening, March 11 at 8 o'clock in the high school auditorium.

The coronation this year is called the "Court of the Southland" and in keeping with the Colonial theme a new feature has been added—ladies in waiting, including two girls from the senior, junior and sophomore classes respectively, who will add a colorful note to the Colonial Day splendor.

Class sponsors are Miss Helen Bonner, Mrs. R. N. Elliott and Miss Emma Dorcas Morgan. The committee in charge of the coronation is composed of Mrs. Murphy Williams, Miss Annie Maude Shaw, Miss Hazel Harbidge, Miss Margaret Lowry and L. P. Forsythe.

Music will be furnished by the high school band, Joel Trimble, director.

The program follows:

1. In the Still of the Night—Cole Porter

My Curly-Headed Baby—Clutsam

Girls Glee Club

Jewel Taylor, Accompanist

REPORT OF SCHOOL NURSE FOR SIXTH MONTH OF SESSION

The report of Mrs. J. W. McAdams, R. N., school nurse, for her work in the Corsicana public schools for the sixth month, ending March 4, was announced today from the office of Superintendent W. H. Norwood.

The report follows:

School visits 32.

Home visits 54.

Dressings 4.

Health Talks 3.

Meetings attended 570.

Individual inspections 570.

Children fitted with glasses 2.

Children excluded from school because of communicable diseases 2.

Children supplied with medicine 12.

Classes in Social Hygiene for Mother's Study club are being held at Sam Houston School every Wednesday at 2:00 p. m. Interest of persons are invited to attend the discussions.

Mrs. V. E. Wheeler will conduct the study of mental hygiene in the near future.

Several cases of diphtheria are quarantined in the city at the present time. Give your child the diphtheria toxoid at once and

Plea For Cripples

CHARLES F. ASHCROFT.

Easter Seal sales for Texas crippled children commence April 1 and last until Easter Sunday. Charles F. Ashcroft, President of the Texas Society for Crippled Children, urges that everyone wishing to help a crippled child, buy seals. Each Texas county is being organized for this humanitarian purpose. Funds will be spent in Texas.

be sure of his future immunity.

Annual inspection at Junior High school has been completed. Many students have reported correction of defects of the teeth.

Several students have been fitted with glasses since the inspection.

Mrs. J. W. McAdams, R. N., School nurse.

EASTER SEAL SALE CRIPPLED CHILDREN BE LAUNCHED SOON

The Texas Society for Crippled Children, which has helped thousands of Texas youngsters overcome physical handicaps in past years, is again organizing every Texas county for the annual Easter Seal sale for crippled children.

Charles F. Ashcroft, president of the Texas Society, plans to raise \$50,000 in Texas to aid crippled children in hundreds of counties.

Seals go on sale April 1, and the campaign will be pressed until Easter Sunday. All money raised by the sale of these seals is spent to aid Texas children who are crippled by accident, by disease or at birth. No distinction is paid to creed, color, religion or age.

From babies in arms to adults of 21 years old the Texas Society for Crippled Children renders its services. Money received from the sale of Easter seals is applied to buying braces and crutches for crippled little ones, to pay their transportation to the nearest hospital where skilled surgical work is performed free of cost, and later to enter them into lines of vocational training which will fit them with suitable employment in years to come.

"The Texas Society for Crippled

PAYMENT UNDER COTTON LOAN TO AWAIT ADJUSTMENT

DALLAS, March 9.—(AP)—Director O. W. Duggan, of the government's Southern division of the AAA, said today he had been informed by Washington sources that producers could not receive two cents per pound on cotton under the federal loan until the full amount due them under the cotton price adjustment program had been determined.

A ruling by the comptroller general settled that issue, Duggan said.

Section 381 of the agricultural adjustment act of 1933 provided that producers with cotton under the loan could transfer title to the Commodity Credit Corporation and receive two cents per pound, Duggan said, provided that

Children has as its principal support the sale of Easter Seals from crippled children," says Charles F. Ashcroft, president of the society.

"We have a waiting list of crippled children over 800 names long. The purchase of Easter Seals will bring these children, patiently waiting for help, a step nearer to being self sustaining and valuable citizens rather than charges on the state."

quotas were in effect for the 1938 crop. The two cents would be deducted from the cotton price adjustment payment due producers on their 1937 crop.

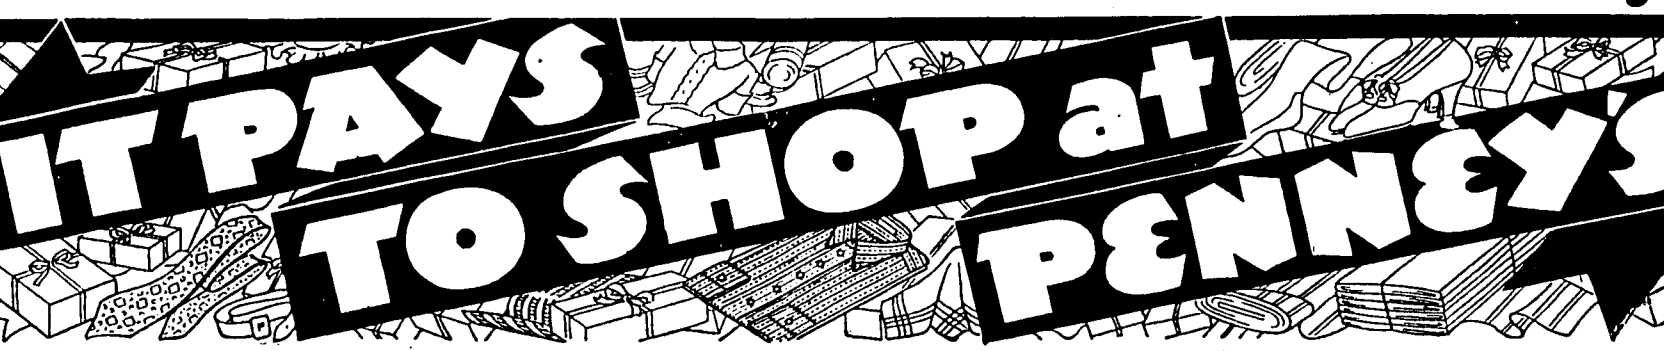

"In 1937," Duggan said, "congress appropriated \$130,000,000 to be paid on the 1937 crop to producers who co-operated with the 1938 AAA cotton program. The payment was based on the difference between the average price on the 10 spot markets on the date of sale and 12 cents, up to 3 cents per pound. The money appropriated, however, was not sufficient to pay on all the 1937 crop. Consequently, the program provided for payment on approximately 65 per cent of a producer's 1937 base production."

"If the 2 cents were paid now, a producer with all his 1937 production in the loan might receive more than he would be entitled to under the cotton price adjustment payment plan. Other producers, in turn, might not receive money due them. This situation, in my understanding, it was the basis for the comptroller's ruling."

Boy Held in Cigarette Theft.

A white youth was returned to Corsicana Tuesday from Ennis by city officers after he had been arrested there in possession of three and a half cartons of cigarettes, allegedly taken from Sanders grocery Sunday. The boy was later placed in the county jail.

You Can't Afford to Miss this Bargain!

STREET DRESSES

\$1.66

Beautifully Styled!

It's smart to start the new season by saving on your spring wardrobe. And it's so simple when you can get values like these at Penney's!

*NEWEST STYLES
*GAY PRINTS
*SOLID COLORS
*SIZES 14 TO 44

These frocks are made of fine quality rayon crepe—they won't pull at the seams!

Come in today—the styles, prints and colors are so exceptionally smart, the trimmings so attractive—these dresses are sure to sell fast!

One Variety Cotton For Navarro County

Your County Cotton Improvement Committee After Investigation of Several Leading Varieties Has Selected

BRYANT COTTON

as the variety best suited to meet the needs of growers—in their effort to improve the quality of staple. We recommend that each community in the county organize promptly, make arrangements with their ginners for a group purchase of Pedigreed seed at a reduced price and each farmer plant a seed block of sufficient size to provide seed for planting his general acreage next season.

By this means we can improve and maintain the quality of our cotton and regain the prestige of Texas Cotton in the world markets.

Extension service workers, agricultural leaders and business interest heartily indorse the one variety move as the best way to improve and maintain cotton quality on a statewide basis.

Your co-operation will help make the program a success.

Let's all pull together for a bigger cotton income!

GEO. W. BOYD, Chairman

Navarro County Cotton Improvement Committee
Corsicana, Texas.

YMCA TO SPONSOR INVITATION RELAY CHAMPIONSHIP MEET

Officials of the Y. M. C. A. physical department announced today the association will sponsor an invitation relay championship contest here March 16 and 18, and invitations have been mailed all schools in Navarro county having high school grades, and others have been sent Malakoff, Trinidad, Athens, Wortham, Mexia and Ennis.

Medal awards will go to the first three place winners of each event, except in the relays where only the first team will get medals. A team award will go to the school that scores the highest number of points in both boys and girls events.

Events, in the order of their position on the program:

Girls: 100-yard relay, 200-yard relay, 400-yard relay, 800-yard relay, 1600-yard relay, 3200-yard relay, 6400-yard relay, 12800-yard relay, 25600-yard relay, 51200-yard relay, 102400-yard relay, 204800-yard relay, 409600-yard relay, 819200-yard relay, 1638400-yard relay, 3276800-yard relay, 6553600-yard relay, 13107200-yard relay, 26214400-yard relay, 52428800-yard relay, 104857600-yard ARE YOU WEAK, NERVOUS?

Dallas, Texas—Mrs. W. A. Catherlin, 2105 Holmes St., says: "I was nervous, tired, weak, didn't sleep well, and had headaches with functional disturbances. Dr. Pierce's Favorite Prescription gave me a fine appetite, relieved me of the backache, headache, and I felt much stronger." Buy it at any drug store. See how much calmer and stronger you feel after taking this tonic.

67,069 CASES HAVE BEEN FILED IN 13TH DISTRICT COURT HERE

FIRST COURT WAS ORGANIZED WHEN OLD HOWELL WAS COUNTY SEAT

A total of 67,069 cases have been filed in the Thirteenth judicial district court since its organization, records in the office of Doyle Pevhouse, district clerk, reveals. Of that huge total, however, slightly more than 40,000 of the cases have been filed since Jan. 1, 1923, when the Corsicana-Powell deep oil field was discovered.

The first court was organized when Navarro county had for its county seat, Old Howell, now a part of Ellis county. The district court was organized by a Legislative Act, July, 1846. The county seat was transferred to Corsicana in 1848 from Old Howell.

A fire destroyed all records in 1855 and the present records date from Nov. 27, 1855.

The suits filed through March 9, 1938, are divided as follows: Criminal, 16,251; civil and divorce, 20,000; state and county tax suits, 30,170; city tax suits, 648. Total 67,069.

The suits filed prior to Jan. 1, 1923, eight days before the district court was organized, are: Criminal, 16,251; civil and divorce, 20,000; state and county tax suits, 30,170; city tax suits, 648. Total 67,069.

Civil and divorce, 12,377; criminal, 2,000; state and county delinquent tax suits, 3,719; city tax suits, 543. Total to Jan. 1, 1923, \$26,840. It will be noted that the vast majority of the increase is in the delinquent state and county tax suits since the time the oil field came in.

The No. 1 case on the civil docket was styled Wm. B. McAlee vs. William Sperlin, to try title.

The No. 2 criminal case was the State of Texas vs. Armistead Pleasant. The nature of the charge is not reflected in the records and it was later dismissed because the indictment had been destroyed by fire, according to the old records in the court.

John H. Sullivan Appointed Member Of School Board

The resignation of N. Suttle Roberts, member of the Corsicana board of education the last eight years, was accepted at a recent meeting of the board, and John H. Sullivan was appointed to fill Mr. Roberts' unexpired term, it was announced today by W. P. McCammon, board president.

Mr. Roberts was appointed to the board Sept. 30, 1929, to fill the unexpired term of the late W. H. Hastings, and has served continuously since his appointment. Mr. McCammon quoted Mr. Roberts as saying he resigned from the board because of the press of other work.

News of County Home Demonstration Clubs

Pickett 4-H Club. Miss Rogers met with the 4-H club girls at Pickett Tuesday, March 8, 1938. We met in the auditorium at Pickett school. She discussed one of our club girls, "Make One Bath Towel and One Bath Mat." She passed some towels, wash cloths and bath mats around to the members. She showed us how to fix the bathing center in our home.

There was one to be shown. It belonged to Miss Mary Ruth Vaughan. The name of the pillow is "Pin Wheel." This one makes the fourth pillow that had been made.

The club lost one of the old members who was our song leader. We elected Lyndell Bennett as song leader in the club. There were 13 present, and one absent at the last meeting.

The next meeting will be March 22, 1938, at the sponsor's home. Reporter.

ARRANGEMENTS HAVE BEEN COMPLETED FOR COTTON REFERENDUM

COUNTY AGENT GIVES EXPLANATION OF WHAT VOTING MEANS

Arrangements have been completed for the cotton marketing quota referendum to be held over Navarro county Saturday, March 12, 1938, at 10 o'clock. County Agent H. C. Robinson. He stated that officials of the Agricultural Adjustment Administration are very anxious that every person who produced cotton in 1937 express their opinion on the matter by voting.

Expressed briefly, the cotton quota, if approved by as many as two-thirds of the cotton producers, will provide for a tax of two cents per pound on all cotton grown on any farm in 1938 in excess of the acreage allotment for the farm. On the other hand, if the cotton produced on the allotted acres for any farm may be sold without tax.

If the marketing quota is approved, and any individual farmer who will be eligible to receive agricultural conservation payments and will be eligible for price adjustment payments on his 1937 cotton. He will also be eligible for loans on all cotton grown in 1938, as well as be co-operating with other producers in protecting his efforts to adjust supplies and prices.

On the other hand, should he overplant his allotted acres, he would not receive any agricultural conservation program payments. He would be liable for adjustment payments on his 1937 cotton. Neither would he be eligible for a loan on the cotton produced on his allotted acres, and he would have to pay a tax or penalty of about \$10 per bale on cotton marketed in excess of the quota established for his farm.

Ballot boxes, in charge of local committees, will be located in the following places: Dawson, Kerens, Richmond, Frost, Blooming Grove, Rice, Emhouse, Navarro, Purdon, Powell and Corsicana.

HAMILTON-BEEMAN MEMORIAL BODY IS ASKING ASSISTANCE

Hamilton-Beeman Memorial Association has begun work for 1938. All members, that is, all who have relatives or friends buried in that cemetery, are requested to pay dues (\$1.00 annually), so that the work may be done promptly and with justice to all.

All unmarked graves have been numbered. Those who are able to locate graves of remembered friends or relatives are requested to send the name and the number to Mrs. W. F. Love, and an effort will be made to have that grave permanently marked.

The memory of prominent patriots receive notice and their graves marked. That is as it should be, but let us not forget that we owe a duty to our loved ones whose bodies lie in Hamilton cemetery.

The first meeting of Corsicana division will be at the home of Mrs. W. F. Love Tuesday, March 15th, at 8 o'clock. Those who are interested are invited to be present.

SCHOLARSHIPS IN SOUTHERN SCHOOLS OFFERED THRU UDC

OPEN ONLY TO LINEAL DESCENDANTS OF CONFEDERATE VETERANS

A number of scholarships in southern schools offered through the United Daughters of the Confederacy are available to lineal descendants of Confederate veterans who are unable to pay for their higher education. The value of the awards varies from \$42.50 to \$120.

Applicants must have division endorsement after receiving chapter approval, must have a report of a physical examination, school preparation report including name of school last attended and grades for the past year; statement of financial condition; proof of Confederate record of ancestor; they must be prepared to pass college entrance examination of the institution to which they apply, and several local references. Information concerning the schools themselves should be obtained directly from the institution.

Further information concerning the scholarship may be secured from officials of the local chapter.

Among the tuition scholarships in which vacancies exist for the next year are:

Bethel Woman's College, Hopkinton, Ky.

Columbia Military Academy, Columbia, Tenn.

Erskine College, Due West, S. C.

Fassett School (for girls), Hendersonville, N. C.

Georgetown College, Georgetown, Ky.

Guilford College, Guilford, N. C.

Louisiana State University, Baton Rouge, La.

Marion Military Institute, Marion, Ala.

Maryland College For Women, Lutherville, Ind.

Maryville College, Maryville, Tenn.

Missouri Military Academy, Merion, Mo.

Presbyterian College, Clinton, S. C.

Randolph-Macon Academy, Front Royal, Va.

Royal-Lynchburg College, Lynchburg, Va.

Southern Bros. Fugazzi School of Business, Lexington, Ky.

Stephens College, Columbia, Mo.

Transylvania College, Lexington, Ky.

University of North Carolina, Chapel Hill, N. C.

Virginia College, Bristol, Va.

Washington and Lee University, Lexington, Va.

University of Virginia, University, Va.

Gift scholarships available include:

Woodrow Wilson memorial scholarship, school of law, University of Virginia, University, Va.

S. A. Cunningham memorial scholarship, George Peabody College for Teachers, Nashville, Tenn.

Jefferson Davis memorial scholarship, Southwestern University, Memphis, Tenn.

Plans and specifications for the construction of additional junior high school are now being prepared by Blanding & Horn, local architects, who also prepared plans for the original unit, according to an announcement made Tuesday by W. P. McCammon, chairman of the Corsicana board of education.

Mr. McCammon reported that the board had recently conferred with district representative of the Works Progress Administration concerning the possibilities of securing federal assistance on the project and had been offered every encouragement. Formal application for the assistance will be made when the plans and specifications are completed.

If the federal funds are secured, Mr. McCammon stated that it would likely be possible to erect eight classrooms and proper toilet facilities. Instead of the six rooms originally planned, the salvaged material from the old structure and the labor items making such enlargement probable.

According to the present plans the new rooms will form an east wing to the junior high plant and will be located on the east side of the block immediately behind the auditorium.

Mr. McCammon asserted that everything possible was being done to insure the starting of work on the day the regular school session ends so the new units could be ready by the start of the next term in September.

Applications for beer licenses are now being accepted at the office of Paul H. Miller, county judge, according to an announcement Thursday afternoon.

At 2:45 o'clock Thursday afternoon, four applications for permits and licenses had been accepted. One application on file for some time was granted, it was stated.

No applications were accepted following the beer election in December. The results have been voided in a beer election contest in the district court.

Kansas Governor Leaves. WICHITA, Kan., March 9.—(AP)—Gov. Walter A. Huxman of Kansas left today by plane for Amarillo, Texas, to attend Gene Howe's mother-in-law celebration.

The plane was delayed here overnight when rain grounded the plane. Airline officials said the plane would arrive at Amarillo about noon.

STATE ORPHANS HOME PLANNING EXTENSIVE IMPROVEMENTS SOON

The State Home is seeking a WPA grant of \$21,000 to be used in the construction of a gymnasium, which has been planned at the home. It has been announced by J. H. Salley, superintendent, that the state has appropriated \$24,000 for the construction of the building, which has been planned at the home. It has been announced by J. H. MRS. ROOSEVELT IS HONOR GUEST GIANT CELEBRATION TODAY

GOVERNORS FIVE SOUTHWEST STATES TAKE PART IN GREAT PARADE

AMARILLO, March 9.—(AP)—Mrs. Franklin D. Roosevelt arrived here at 11:25 a. m. (CST) today for the spectacular Mother-in-law Day celebration and found this Plains cow town jammed to capacity with thousands of visitors.

Mrs. Roosevelt came here by train from Lubbock where she spent the night, and was greeted by the governors of five southwestern states: Kansas, Colorado, New Mexico, Oklahoma and Texas.

Mrs. Roosevelt, honor guest of the day, rode in an open car over the line of the 12-mile-long parade and stopped at the reviewing stand to receive a royal bouquet of 5,000 roses.

The First Lady then watched one of the longest and most colorful parades ever staged in the southwest, featured by "the largest float in the world," which was occupied by 600 mothers-in-law and a boy selling soda pop.

RAIL EXECUTIVES DISAPPOINTED OVER COMMISSION ORDER

GLAD TO GET RAISE BUT DECLARE FIFTEEN PER CENT WAS NEEDED

WASHINGTON, March 9.—Approval of higher freight rates by the Interstate Commerce Commission fell so far short of needs, rail executives said today, that the nation's railroads remain in a perilous financial condition.

"We are glad to have what they gave us," said J. J. Pelley, president of the Association of American Railroads, "but we're disappointed."

The commission's decision, handed down late yesterday, gave the railroads permission to raise rates from 5 to 10 per cent.

Commissioner Joseph P. Eastman estimated the additional revenue would amount to \$274,000,000 a year.

Statisticians of the Bureau of Railway Economics, a private concern operated by the railroads, figured, however, the increases would add only \$220,000,000 to rail income.

Pelley said a study of the 190-page decision indicated the general freight rate schedule had been boosted only 5 or 6 per cent. Railroad spokesmen during the hearings had asked for a 15 per cent increase, but Pelley said the requested changes actually would have lifted the rates only 12.5 per cent.

"Whether we'll go back to the commission again with another petition for higher freight rates, or just what course we will pursue hasn't been decided," he said, adding that the permitted raises will be put into effect as quickly as possible.

They may be applied on 10 days' notice.

Following the decision, President Roosevelt announced he would hold a previously-discussed railroad conference at the White House next week.

The meeting will consider the whole question of railroad financing. Those to attend are Chairman Walter A. W. Spill and Commissioner Eastman of the I. C. C.; Senator Wheeler (D-Mont); Representative Lea (D-Calif.); Carl Gray of the Union Pacific, and George Harrison, representing railway labor.

Mostly Ten Per Cent. With certain exceptions, the I. C. C. authorized the railroads to increase freight rates by 10 per cent. It stipulated, however, that increases granted on many commodities last fall may be included in that percentage.

Increases of 5 per cent were granted on the following commodities:

CORSICANA, TEX., MAR. 11, 1938

WOULD WE FIGHT?

"At present, according to the administration point of view," observes Columnist Jay Franklin, "the American people (in international affairs) want only two things: They want to be assured that never, under any circumstances, no matter what may happen in Europe or Asia, will this country be involved in war; and they want to be assured that, if we ever go to war, we will have no allies."

This may be a correct interpretation of what the people want, or what they think they want. Most newspaper commentators wouldn't know for sure.

But what people want and what they get are often different. Quite a few arguments might arise from the present situation. We would probably not fight for anybody or anything in Europe.

Suppose a revived and confident Germany, made stronger numerically and economically by the absorption of her Central-European neighbors, decided to come over and annex Mexico or Canada or Brazil. Would we fight, or wouldn't we? And would we welcome allies in this hemisphere, or wouldn't we?

NOT WORKING FOR STALIN

Brother Stalin, in his recent pep letter to Russian Communists, urged them "to organize political aid by the working class of bourgeois countries for the working class of our country in case of military attack on our country."

This was a surprising appeal, because the Russian government and the Russian Communist Party were supposed to have quit their propaganda in democratic countries.

If there was any expectation in Stalin's mind that the "working class" in America would set cheerfully to work for him, he must be disillusioned by the immediate refusal of American labor unions. The Federation of Labor, through Matthew Woll, its vice president, promptly replied that our workers are no more inclined to help Communism than Fascism, and "will not permit themselves to become embroiled in war to help save Stalin's dictatorship." He adds: "Let Stalin introduce democracy in his own country before talking of fighting for it elsewhere."

The C. I. O. has likewise declared that it will have nothing to do with Communism.

Here is something that Stalin and his red brethren will never be able to understand.

HEALTH CO-OPS

The first national convention of hospital service plan executives revealed how far this system has developed and gave much promise to the future. The delegates set up standards for non-profit insurance plans for hospital care designed to look after the best interests of all concerned. These include representation of the public, the medical profession and the hospitals on the board of directors of any hospital service group.

Other standards are free choice of hospitals at time of sickness, no interference with doctor and patient, adequate accounting and subscription rates, complete actuarial records, dignified promotion and administration.

Plans in operation so far, said one speaker, have helped hospitals and doctors so much that there is now talk of applying the same principle to payment

JUST FOLKS

(Copyright, 1937, Edgar A. Guest)

SELF-SACRIFICE

There was the goal which both had sought
And fate had brought them side by side
Old friends who'd shared a common thought,
Nor 'twixt the two could men decide,
The vote was equal. There they stood,
With one alone to cross the line,
And then he spoke. We know he would—
"I'd rather his the crown than mine!"

"I still have time. Perhaps some day
This chance may come again
To me,
But we have struggled up the way
And here at glory's gate are

Through days of storm and weather fair
We've reached this topmost peak of pride,
But only one the crown may wear
And so for him I step aside!"

Small men of that would never make
Vain men would but themselves befriend,
From such an act the proud would shrink,
The mean would quarrel to the end.

For with the dream of years at stake,
Wheat hearts and minds are being tried,
That some one else the crown may take,
Only the great man step aside!

THE AMERICAN FARM-WIFE

From the annual conference of farmers at the State Agricultural College at Manhattan, Kansas, come special reports of the part played there and at home by farm women. In the first place, they attend the meetings in large numbers, which means that on today's farms it is possible to arrange the work at home for the period of their absence.

At the meeting, women are not merely audience. They participate. They make speeches. As reported by one of them in the Emporia Gazette:

"Not a hesitancy, not a break in the program as these farm mothers, who left their dishes and the separator and lunch-fixing for a week, come before the microphone. They express themselves 'clearly and candidly.' And they know what they want."

They want health for their children, whom they consider "the most important of crops." They believe the nation's leaders of tomorrow will come from the small towns and rural areas and consequently should receive their health, education and character training adequate to their future responsibilities.

The farm women of Kansas doubtless are typical of farm women throughout the country in thoughtfulness, courage and practical progress toward achievement of their ideals.

CHILDREN'S HEARING

Defective hearing, particularly when its presence is not recognized, is a serious handicap to the growing child. A national survey made by the American Society for Hard of Hearing estimates that 3,000,000 of the nation's school children are so handicapped. Because of it, many children are having unnecessary difficulties with their studies, or erratic behavior problems for teachers and parents, which could be corrected if the situation were understood.

The Society, a national philanthropic organization, is now starting an educational campaign throughout the country, to continue for a year. In 1937, it is said only 1,062,373 children had their hearing tested. The Society will urge yearly examinations, in order to discover such defects promptly. It will urge corrective treatment and teach preventive measures.

for medical services. It is expected that many changes will come in the next few years as experience and need indicate. Rural regions are to be served, family coverage is to be offered more extensively, and so on.

The reassuring thing about existing insurance systems is that they represent social progress with none of the regimentation feared by opponents of "socialized medicine." Hospitals, doctors and public are working out their mutual problems without government dictation or bureaucratic control.

Sunset in China?

"AWFUL" AMERICA

The dean of Pennsylvania State College finds "90 per cent of city, town and countryside" in the United States "awful to look at." There are farm slums as well as city slums. There are unsightly and unlivable shacks in mill towns and mining districts.

"There is little difference between various parts of the country," he says, adding that each "has a few show spots in the form of fine residential districts."

Slum clearance is just getting started in this country. The "Build America" movement, wider in scope, is now taking hold. Annual spring "clean-up week" for many communities is just around the corner on our calendars. These are all intended to make ugly places less ugly, to beautify neglected areas, to create pleasant and healthful dwellings in attractive surroundings. Mostly they represent unrelated and temporary activity.

Perhaps some co-ordination of these sporadic drives can be worked out to make them more effective and continuous. The estimate of 90 per cent "awfulness" is surely too high, but there is more of it than a country of the wealth and ability of the United States should tolerate.

THE PROGRESS OF BREAD

The staff of life these days seems to need a lot of fancy treatment to get it sold. At least that is the reason given for the latest suggestion in the merchandising of bread. The wrapped and sliced product is now to be supplemented by assorted breads arranged on a tray, the whole wrapped in cellophane. Thus the housewife can buy a tray of bread containing some white, some rye and some whole wheat, or other varieties, sliced and ready to set on the table. The "heels" will be cut off to reveal the texture and quality. It is said the machinery, merchandising plans and advertising copy for putting out this food-and-service innovation have already been prepared.

Here is another time-saver, and a labor-saver for the home. It will be eagerly accepted by a lot of people. The cry of the wretches who want their bread well-done and crusty, and who think the heel is the best part, will be drowned out by the acclaim of others.

In the not-distant future one sees the next development—cellophane-wrapped bread already buttered, some of it spread with peanut butter, some with jams

Courthouse News

District Court.
Introduction of testimony in the trial of William Majors, negro, charged with murder, was still in progress in the district court Tuesday morning. Court attaches precluded the evidence would be completed during the day. The negro is being tried in connection with the fatal shooting of Velma Lou Davis, negro, in East Corsicana, last summer.

The prosecution is being handled by Cleo G. Miller and J. C. Jacobs, criminal district attorney and assistant, respectively. The defendant is being represented by R. R. Owen.

The Navarro county grand jury resumed its work Tuesday morning after a several weeks' recess. Hearings are scheduled Saturday in two contempt of court cases against Charlie Murray. The hearings were set by District Judge Wayne R. Howell after the contempt proceedings were filed Monday by Criminal District Attorney Miller following the alleged violation of an injunction granted in January restraining and enjoining the defendant from violating the prohibition laws at "Murray's Place" on Highway 31.

District Clerk's Office.
The following case was filed: Rosie Lee Odom vs. Tony Odom, divorce.

County Court.
The appearance docket for the March term of the county court was called Tuesday morning by Paul H. Miller, county judge. The March term was formally opened Monday.

Sheriff's Office.
A special venire of 50 men were being summoned Tuesday by the sheriff's department for service Monday in the district court for the case of the State of Texas vs. A. R. Tickle, charged with murder in connection with the fatal shooting of Nollie Cook here last year.

Marriage License.
Odell Hollingsworth and Grace Murdock.

Warranty Deed.
Ramsey Cox to Mrs. E. Chert, 1 acre Pedro Quero survey, \$20.

Assignment.
C. T. Kessinger to W. B. Humphries, 1 acre L. Powell survey, \$10 and other considerations.

Pre-nuptial Births.
The following birth certificates were filed in the office of W. T. McFadden, justice of the peace, Precinct 1, Place 2, and registrar for Precinct 1, during the month of February:

Born to Mr. and Mrs. G. H. Biddle, Corsicana 1, Feb. 10, a daughter.

G. R. Stevenson, Corsicana, Feb. 22, a daughter.

L. Miles, Corsicana 2, Feb. 22, a son.

T. B. Dixon, Emhouse, Feb. 2, a son.

A. H. Knotts, Corsicana 1, Jan. 1, a son.

O. C. McCrory, Corsicana, Jan. 15, a son.

J. J. Thompson, Corsicana 2, Feb. 24, a son.

Justice Court.
One was fined on an assault charge Tuesday morning by Judge A. E. Foster.

and marmalade, some with cheese.

And the next vision?—An outraged humanity demanding home-made bread that is fragrant when it comes from the oven, beautiful to look at and with body and flavor for the eater's delight.

America is suffering from confusion of columnists.

Kerens Hi School Seniors Honored At Banquet on Friday

KERENS, March 8.—(Sp.)—The annual banquet, honoring the Kerens High school senior class, which is given each year by the W. M. U. of the First Baptist church, was held in the dining room of the church Friday evening. With but few absentees, almost the entire class of over 50 boys and girls were present.

Guests also were the corps of teachers, sixteen in number, together with their wives and husbands; Dr. J. C. Blair, president of the Kerens school board, and member of the state board of education; and Mrs. Blair, Dr. and Mrs. J. M. Dawson of Mrs. Taylor, ex-Mayor Howell Brister, Brister, and various other interested citizens.

The U-shaped table, seating 100 persons, was very attractive with white bowls of purple and white iris, alternating with crystal candleholders holding tall, green, burnish tapers. At the speakers' table, huge bowls of white iris and white stock were used. At intervals, all down the white cloth, were purple iris tied with green cellophane. The place cards, with shankens plus thrust in, and the cellophane wrapped favors made of toothpicks and gumdrops, further proclaimed the St. Patrick's Day motif.

Delicious plates, containing chicken salad, oysters, tiny hot peas, potato chips, were served with iced tea. The dessert was white cake topped with whipped cream and decorated with green candles.

Howell Brister was toastmaster and after getting off a number of witticisms, presented in turn, C. W. White, who gave the invocation; Mrs. C. W. White, president of the W. M. U., who gave the address of welcome; Billy Ray Noble, vice president of the seniors, who made the response; Dr. J. M. Dawson, who made a few remarks of appreciation at being merely a guest, and said his wife usually did the most of the talking, anyway. Supt. G. H. Wilmon, who has led the class almost to the goal of graduation; Dr. Blair, who is ever vitally interested in anything pertaining to the Kerens schools, and who has given years of earnest endeavor to further the interests of said institution; Mayor Taylor, who complimented both the honorees and the W. M. U. for the efforts put forth to make the affair the success that it was, and then withdrew further delay, the toastmaster presented the speaker of the evening, Mrs. J. M. Dawson, who, because of her several other visits in this capacity, needed no introduction.

Always a favorite with Kerens audiences, also made her usual rousing and enthusiastic talk, along the lines of reminding the seniors that they were "Somebody in Particular," and inspiring them to let nothing prevent their pursuance of higher education.

Kerens Personal Mention.
KERENS, March 8.—(Sp.)—Miss Vitell, who is spending the week end in Dallas.

Mr. and Mrs. Frank Van Ordon were Dallas visitors Saturday. Mr. and Mrs. G. W. Speed of Corsicana spent Sunday in Kerens.

Miss Dorothy Sherrill of Dallas spent the week end with her mother, Mrs. Lila Sherrill.

W. S. Price left Monday for his ranch at Guadalupe where he will be the guest of his son, W. S. Price, Jr., for a few days.

W. E. Collier of Troup is visiting his daughter and son-in-law, Mr. and Mrs. G. H. Wilmon.

Mrs. Floyd Rodney of Channelview, has returned to her home, after a visit to her parents, Mr. and Mrs. W. A. Duncan.

Mrs. Grace Sale was a Corsicana visitor Saturday.

Mr. and Mrs. Howell Brister were in Longview Sunday.

Pope Tarkington was an Athens visitor Saturday.

Mr. and Mrs. E. N. Forehand and Mr. and Mrs. Lawrence Johnson of Trinidad were in Kerens Saturday.

Miss Cecil Ross was a Corsicana visitor Saturday.

PECAN ENTHUSIAST AND FANCIER SPEAKS BEFORE LIONS CLUB**ROBERT COOKSEY SAYS THE COUNTY CAN INCREASE ITS REVENUE \$50,000 YEARLY**

Robert Cooksey, pecan enthusiast and fancier, was the speaker at Tuesday's luncheon meeting of the Lions Club at the Navarro Hotel and said Navarro county could increase its agricultural revenue \$50,000 within a few years by planting and cultivating pecan trees. He insisted that pecan trees are not slow of growth and production, but if they are given the proper care and cultivation they will grow and bear in a few years.

In charge of today's program were Dr. L. E. Kellon, Sr., and Will Thompson, Dr. H. B. Love, president, appointed Duren Norris and Sydney Marks as next week's program committee. The club voted to pass up its regular noon meeting Tuesday, March 22, and to meet jointly with the Business and Professional Women's club at its annual public relations dinner. The club also voted March 29 as ladies' day.

Visitors today were Philip Lipstate of Tyler and W. E. McKinney. The pecan committee, appointed recently by President Love, made its report today. The committee is composed of L. E. Griffin, W. H. Norwood, Dr. Kellon, Sydney Marks and Dr. W. Knight. Mr. Griffin said the committee had surveyed the town, and recommends that the club commend encouragement of planting and raising nut trees in the county, with special emphasis on the highways, and in the city, where the ground is not already pre-empted. The committee also suggested care in topping and cultivating trees that are already growing.

Pecans Not Slow Growing.
The report of the committee was accepted, and the committee was continued. At the conclusion of his talk Mr. Cooksey was made an ex-officio member of the committee, and pledged his co-operation. Mr. Cooksey said pecans are not slow growing, but because they are usually planted and forgotten, they starve, whereas they must be fed and cared for properly to do the most good. The speaker demonstrated the proper cultivation of nut trees, and pointed out why present methods employed by some growers hinder growth rather than aid it. Mr. Cooksey said Texas is the home of the pecan, and yet it is seventh in production in the United States. In this connection he analyzed the various types and said care should be exercised in selecting the type of tree to set out in this area.

After answering a number of questions, Mr. Cooksey said it is his opinion that Navarro county could add \$50,000 to its agricultural income in a short time if farmers and townspeople alike would set out the trees. In closing he reiterated that with proper cultivation pecans are not slow growing and bearing trees.

President Love appointed F. H. Harvey, Jr., M. A. Tekell, Sam G. Wynn and Duren Norris on the dairy committee.

Considerable Relief Work During February By Salvation Army

Besides the services held the following relief work has been accomplished during the month of February by the Salvation Army. Local families have been given 14 grocery orders, four loads of wood, 26 articles of clothing, 14 pairs of shoes, 2 orders of medicine, and 18 families supplied with bread.

Transients were given 327 meals, six given transportation, 44 received lodgings, one was taken to the hospital and two articles of clothing were given out to them.

na visitor Saturday.

Mrs. James Taylor and daughter, Shirley, were in Corsicana Friday.

Dr. and Mrs. J. M. Dawson of Waco were in Kerens Friday night. Mrs. Dawson being guest speaker at the banquet given in honor of the Kerens high school seniors by the Baptist W. M. U.

Mr. and Mrs. William Albritton and daughter, Joyce, Mr. and Mrs. Kelly Albritton and Gail Albritton of Waco were Sunday guests of their parents, Mr. and Mrs. M. R. Albritton.

Mr. and Mrs. Horace Chitwood of Mexia and Miss Vera LaFrance, of Fairfield, and W. A. Tyus of Carlisle were guests of Mr. and Mrs. Robert Tyus Saturday.

Drew McClung and Miss Margaret Ivey were in Corsicana Monday.

Mr. and Mrs. W. L. Bain, and Mr. and Mrs. W. L. Bain, Jr., were visitors at the Tool oil field and vicinity Sunday afternoon.

Mr. and Mrs. Roy Martin of Corsicana spent Sunday with their sister, Mrs. Vernon Ivey.

Mr. and Mrs. Ford Ivey and daughter, Arline, drove to Waco Saturday, where they were joined by Ford, Jr., student at Baylor University, and then went to Belton to meet Miss Katherine Ivey, of Kingville, who was attending a meeting of Baylor college graduates.

Mrs. Lena Speed is a guest of the J. H. Burke and Mack Warren families in Corsicana this week.

Rev. M. O. Cheek and Pat Murphy were in Corsicana Sunday afternoon, at a Sunday school meeting held at the First Baptist church.

Relative Corsicana Couple Died of Heart Attack Fort Worth

County Superintendent and Mrs. G. H. Brown were called to Fort Worth Monday due to the death of Mr. Brown's aunt, Mrs. Clifford Duval.

Mrs. Duval, aged 40 years, died with a heart attack Sunday afternoon while asleep. Funeral rites were held Monday afternoon, but a bunch of squaddens with considerable experience will form the nucleus for the next winter's painted court combination, and prospects for a good club are not exceptionally bad.

Billy H. Patrick, star guard of this year's squad, will be the lone letterman returning.

The other seven lettermen who have finished their high school careers are Calvin MacDougal (two years), Curtis White (two years), Fred Griffin, Sanel Norton, Aubrey Poarch, Newton Roman and John Harper.

To Dallas Hospital.
Mrs. H. G. Brown, local representative of the Texas Society for Crippled Children reports the following taken to Baylor hospital, Dallas for treatment:

Opal Fay Wright, Mildred; Chas. Jackson, Mildred, and Willie Mae Carrington.

Coca Cola Y Girls To Meet Byrd Sextet

The Coca Cola Y Girls' basketball team is scheduled to meet the Byrd Independent Girls at 8:15 on the Y gymnasium court here Wednesday night. It was announced today by Y. M. C. A. officials. Byrd Independents are the former Ellis county champions, Mildred tournament champions and former AAU contenders.

ONE LETTERMAN TO RETURN TIGERS' BASKETBALL TEAM

Only one letterman from the 1938 basketball squad will be back for 1939, Coach Jimmie Gardner stated Monday afternoon, but a bunch of squaddens with considerable experience will form the nucleus for the next winter's painted court combination, and prospects for a good club are not exceptionally bad.

Billy H. Patrick, star guard of this year's squad, will be the lone letterman returning.

The other seven lettermen who have finished their high school careers are Calvin MacDougal (two years), Curtis White (two years), Fred Griffin, Sanel Norton, Aubrey Poarch, Newton Roman and John Harper.

To Dallas Hospital.

COTTON MARKETING QUOTAS REFERENDUM IS FOR 1938 ONLY

ANY PERSON CONNECTED
WITH PRODUCTION OF COT-
TON HAS VOTE MARCH 12

COLLEGE STATION, March 10.—The cotton marketing quotas referendum act for March 12 is for 1938 only, according to George Slaughter, chairman of the Texas Agricultural Conservation Committee, which has headquarters at Texas A. and M. College. A referendum on cotton will be held each year for that season's crop.

"All producers who shared in the proceeds of the 1937 cotton crop will be eligible to vote," Slaughter said. "This means that landlords, tenants, share croppers, farmers who own their own farms, banks, companies, or corporations, or any other individual or organization connected with a farm producing cotton last year, have one vote each."

"Marketing quotas" means that each cotton farm will be given a cotton acreage allotment, which will be the same as the acreage allotment determined for the farm under the 1938 agricultural conservation program.

Takes Two-Thirds Vote. If two-thirds of the cotton producers vote for cotton quotas, both the cotton quotas plan and the Agricultural Conservation Program will be in effect. If more than one-third of the cotton producers voting in the referendum are against the cotton quotas, only the conservation program, similar to that of the past two years, will be offered.

If quotas are favored by cotton farmers, each farm will receive an acreage allotment and all cotton produced in 1938 from this acreage may be sold tax free. If the 1938 planted cotton acreage exceeds the cotton acreage allotment for the farm, the cotton produced will not be subject to the tax unless the total pounds of cotton exceeds the poundage of the marketing quota.

This poundage, Slaughter added, will be determined by multiplying the cotton acreage allotment by the normal lint yield an acre, which will be assigned the farm by the county committee.

Way It Works. "Here's the way it works," Slaughter said. "Suppose I get a cotton acreage allotment of 30 acres and my normal yield is set at 100 pounds an acre. That makes my marketing quota 3,000 pounds, which is my normal production. Now suppose that I plant my 30 acres, and make 200 pounds an acre, or 6,000 pounds, twice my normal allotment. I'm not taxed, because the new farm act says

News of County Home Demonstration Clubs

Oak Valley 4-H Club. "The home orchard should have six peach trees, two plum trees, four grape vines, sixteen berry vines, and three pecan trees for each member of the family," said Miss Clara E. Reitter, the 4-H club girls at the Oak Valley school at two o'clock March 2, 1938.

Peach trees should be twenty to thirty feet apart, plum trees twenty to twenty-five feet apart, pecan trees forty to fifty feet apart, grape vines four to five feet apart. Each 4-H club girl should have an orchard that will furnish fruit for canning and eating.

The 4-H club girls elected the following two new officers, president, Dorothy Murphy, and vice-president, Mary Ellen Yates; the 4-H club girls at Oak Valley may go to the Fat Stock show free if they have their pillows finished and get some of their orchard done before March 14. We had three visitors at the meeting.

Those present at the meeting were Mary Frances Prince, Mrs. J. L. Prince, Barbara Prince, Harriet, Billie Polard, Pearl Nelson, Ethel Nelson, and Dorothy Murphy. —Reporter.

Phillips Chapel 4-H Club Boys. The Phillips Chapel 4-H club boys meeting which was at the school house was to organize the boys 4-H club.

They elected the following officers: Billie Joe Smith, president; William Eaton, vice-president; D. A. Dodd, secretary; Alvin O'Neal, reporter; J. A. Worley, sponsor. The boys discussed the plan for the Fat Stock Show. They are planning to go to the Fat Stock Show Monday the 14th. Ten members were present at this meeting. —Reporter.

Card of Thanks.

We take this method to express our heartfelt gratitude to the many kind friends in the loss of our mother, Mrs. A. L. Huffstutler, for the many kind words of sympathy and beautiful flowers, especially do we thank the pastors, Revs. Fraher and Ward, and also for the songs rendered. May God bless you all in our prayer.

Mrs. George Benedict, Mrs. J. V. Watkins, Mrs. J. A. Newson, Mrs. Cecil Ferrin, Arva Lee and M. L. Huffstutler.

my marketing quota is my normal production, or my actual production on my allotted acres, whichever is greater. "Now if I planted 40 acres and made 75 pounds an acre, or 3,000 pounds, I still would not be taxed, because 3,000 pounds is my normal production. Even if I planted 40 acres and made 100 pounds an acre, or 4,000 pounds, I would only be taxed for 1,000 pounds. I could store this extra 3,000 pounds and sell it in 1939 if I had a short crop and only produced 2,000 pounds, or 1,000 pounds less than my normal production."

Slaughter urged that every eligible person vote in the March 12 referendum. "A big vote is necessary if the result of the referendum is to express the true will of the cotton producers," he said.

CORSICANA INVITED SEND DELEGATES TO FIREMEN'S MEETING

REGIONAL SESSION OF CITY
FIRE MARSHALS BE HELD
IN WACO MARCH 15

AUSTIN, March 10.—(Spl.)—The third regional meeting of city fire marshals will be held in Waco, March 15, Marvin Hall, state fire insurance commissioner, announced today. Fire marshals from forty-six central Texas cities, as well as a number of city officials, fire chiefs, and firemen, are expected to attend.

According to Commissioner Hall, the purpose of the regional meeting is to raise the standard of the office commensurate with the importance attached to the fire marshal's duties and powers. "This will be accomplished," Hall explained, "by the holding of these periodic regional meetings where fire marshals may be instructed as to their duties and how to better perform them."

The first regional meeting was held in Taylor, Feb. 13, and the second in Cuero, Feb. 27. Representatives from 35 Texas towns attended these meetings. "The success of the first two meetings encouraged us to hold similar ones throughout the state," Hall said.

"At the Waco meeting there will be fully explained: The fire marshal ordinance, inspections as a fire prevention measure, fire hazards and how to get them corrected or removed, the investigation of an incendiary fire, how city officials can co-operate with the fire marshal in the performance of his duties, what an efficient fire marshal is worth to a community, and other subjects pertaining to fires, their control and prevention."

It is only through the conducted. Although the city fire methods that fires can be re-timed practice of fire prevention marshal is the 'key man' in both the investigation and the prevention of fires, the willing co-operation of city officials and citizens determines the ultimate success of an effective fire prevention program," Hall said.

The Waco meeting will be held at the Central Fire Station, from 10 o'clock in the morning until 4 in the afternoon. Representatives have been invited from the following cities: Alvarado, Abbott, Blooming Grove, Cameron, Cleburne, Clifton, Corsicana, Coolidge, Dawson, Ennis, Grandview, Glen Rose, Groesbeck, Gatesville, Hamilton, Hillsboro, Hubbard, Italy, Itasca, Kerens, Kosse, Mansfield, Meridian, Midlothian, Milford, Mertens, Mt. Calm, Mexico, Marlin, Mart, Moody, McGreggor, Rosebud, Temple, Thornton, Teague, Venus, Valley Mills, Waco, Wortham, West, Whitney, Waxahachie, and Walnut Springs.

HEADS TEXAS TENANTS' PARADE TO OWNERSHIP

Clarence Clark of Van Zandt county stepped into head place this week in the procession of Texas tenants who will move into land ownership under the new Bankhead-Jones Act. Clark was the first Texan tentatively approved for a land purchase loan, and the second in the United States. When the land title is approved, he will get a check for \$6,003 to buy and im-

prove 141 acres. The dwelling house will be reconstructed under private contract from several independent dwellings now upon the property.

No down payment is required under these loans, but purchasers are selected from the "cream of the tenants" by a local committee of dirt farmers in each of the 23 counties in which the program is now effective. Clark owns several

work animals and sets of plow tools. His family grows most of their food at home, putting up 500 cans of fruit and vegetables last year, and keeping two cows, sixty hens, and several hogs.

Shown with Clark in the photo are his daughter, a home economics student in Willis Point high school, and one of his two sons who are taking high school agricultural courses.

PLANNING EXPERTS HOLD CONFERENCE IN DALLAS SOON

DALLAS, March 10.—(Spl.)—Outstanding authorities on city, county, state and regional planning will participate in the two-day Texas Planning and Civic Conference at the Adolphus Hotel, March 21 and 22. It was announced today by Major E. A. Wood, director of the Texas Planning Board, one of the state agencies sponsoring the conference.

They include Miss Herlean James, executive secretary, American Planning and Civic Association, Washington, D. C.; Walter Blucher, executive secretary, American Society of Planning Officials, Chicago; O. M. Winston, U. S. Housing Authority, Washington, D. C.; Earl O. Mills, regional counselor, Region 5, National Resources Committee, St. Louis; and Herbert Haier, regional director Region 3, National Park Service, Santa Fe, N. M.

Papers also will be delivered by several of the state's leading authorities on city and state planning.

The first day of the conference will be devoted to a general discussion of planning subjects. On the second day there will be group discussions on zoning, housing, planning, safety, parks and recreation.

Maps and drawings of state and city planning activities, including parks, playgrounds, zoning, street widening, subdivisions and housing will be on exhibition throughout the conference.

All sessions of the conference will be open to those who are interested in planning.

Local High School Debaters to Attend Wichita Falls Meet
Six Corsicana high school debaters, one extemporaneous speaker, and one extemporaneous speaker, plan to attend the fourth annual invitation debate tournament Friday and Saturday in Wichita Falls, which is being sponsored by the Wichita Falls high school.

Those planning to go from here include Dorothy Farrar and Joyce Gentry, girls team, and Robert Yarbor, T. L. Canale, Jr., Robert Norvell and George Labban, boys teams, and Margaret Sullivan, extemporaneous speaker.

Arbitration Planned For Pecan Shellers
SAN ANTONIO, March 10.—(Ap.)—A pecan sheller strike, in progress here 37 days, was headed for arbitration today.

An arbitration board, composed of three members, one selected by the operators, one by the shellers and a third by the two members, was to be named, under the terms of an agreement signed yesterday in the office of Mayor C. K. Quinn.

BLANDING SLOAN REGIONAL HEAD FOR FEDERAL THEATERS

Information has been received by Mrs. A. C. Sloan that Blanding Sloan, nationally famous artist, has been appointed Regional Director of the Federal Theatre Project of the WPA headed by Harry Hopkins. The official appointment was made at the Eastern Regional meeting in Washington, D. C., March 2.

There were five Regional Directorship appointments made and Mr. Sloan, through past achievement and with a thorough knowledge of Federal Theatre work in California, was one of the first to be recommended from that state. His territory will cover seven eastern states, with headquarters in New York City.

Former Corsicanan Making Good In His Chosen Profession

Mr. and Mrs. W. T. Carter have received a number of newspaper clippings from their son, Frank L. Carter of East Rockaway, N. Y., telling of his work to reduce and prevent radio interference. He is president of the National Association for the Prevention of Radio Interference, and the association now numbers more than a million members throughout the world.

Reports of his work were given in several clippings and reprints from the Nassau Daily Review-Star and the New York Sun.

CORSICANA OIL MAN NAMED TULSA SHOW COMMITTEE

TULSA, March 10. (Spl.)—C. L. Brown, oil producer of Corsicana, Texas, has been asked to serve on the Production Committee of the tenth International Petroleum Exposition, according to President W. G. Skelly of the Exposition.

"The Exposition, already rated the largest industrial show of any single industry, will be 50 per cent larger this year," said Skelly. "More than 10,000 pieces of equipment manufactured in 140 cities in 29 states will be shown, with 402 exhibitors featuring drilling and production; 317 featuring transportation; 303 refining; and 208 marketing."

There will also be a scientific and technical exhibit consisting of working models which cost \$250,000 to construct. Many of these are being loaned to the Exposition by the Chicago Museum of Science and Industry.

"Brown has been asked to help acquaint the members of the oil industry in his section of the nation with the benefits and importance of the Exposition to the oil industry," said Skelly.

Deputy Internal Revenue Collector Aid In Tax Returns

C. A. Gordon, deputy internal revenue collector, will be in Corsicana from Friday through Tuesday to assist Corsicana and Navarro county residents in preparing their income tax returns according to a recent announcement.

Mr. Gordon's headquarters will be in Room 8 in the basement of the Corsicana postoffice.

Navarro county having been connected with a number of firms here during the past 25 years.

TRUCK DRIVERS AND CHAUFFEURS URGED OBTAIN LICENSES

AUSTIN, March 10.—(Spl.)—State police today urged truck drivers and chauffeurs to obtain their chauffeur's licenses well in advance of expiration dates to avoid an expected rush at examination headquarters over the state.

About 30 per cent of the commercial permits in effect before last November 15, when the law requiring the examination of drivers was made effective, will expire in March and early April. License bureau officials said. With a limited field force available to conduct the physical, mental and driving tests it was pointed out at state headquarters that applicants may facilitate the issuance of the permits by applying a month or so before their present licenses will become invalid one year from the expiration date of the former license.

Ralph L. Buell, chief of the license bureau, said examiners of the safety department in every county seat city of the state are now examining an "almost capacity" number of drivers who are making early applications.

"There are over 150,000 licensed commercial drivers in Texas," Mr. Buell pointed out. "For that reason we can give them better service if they will report for the tests sometime before their present permits expire."

Navarro Chapter
Of UDC in Regular
Session Wednesday

The Navarro Chapter U. D. C. met Wednesday, March 9, on the mezzanine floor of the Navarro Hotel in regular monthly session with 25 in attendance including a number of visitors.

The meeting was called to order by the president, Miss Elizabeth Harline, and all joined in reading the ritual. This was followed by the business session, with Mrs. Marion Martin acting as secretary in the absence of Mrs. Bell White.

After the reading of communications, and the reports of the officers and committee chairmen, a period of silent prayer was observed for the late Miss Lida Lee, a long time member, and chaplain of the chapter for many years.

Mrs. C. E. King was in charge

Medical School FOUR YEARS

The four years required Medical School study is divided approximately as follows:

1st Year—The future Doctor of Medicine must master the fundamental science of the human body such as Embryology (development of human being), Physiology (study of all organs in health); Anatomy (study of body structure in health); Histology (microscopic study).

2nd Year—Intensified form of above studies. Beginnings of study of Pathology (effect of diseases on various organs); Diagnosis (comparison of diseased organ to healthy).

3rd Year—Under trained instructors and practicing physicians, the embryonic Doctor begins to meet patients, watching actual clinical practice, diagnosis and treatment, working from nine to twelve hours a day, six days a week for thirty-six weeks.

4th Year—Continuation of third year, constant training in rational treatment based on diagnosis. The student is required to be responsible for twenty or more prenatal cases, and attend delivery under supervision of a specialist.

After completion of these four years, he goes through stringent examinations before being allowed to graduate. Medical Schools, Medical Associations and the laws of your State all are constantly working together to prepare your Doctor to be more competent and thorough.

Roy Tyner Among Popular Students At Southwestern

GEORGETOWN, March 9.—Roy Tyner, son of Mr. and Mrs. J. E. Tyner, a senior at Southwestern University, will be a candidate for two degrees in June, a bachelor of arts degree in mathematics and a degree in business administration.

He is one of the most popular students on the campus, being president of Kappa Sigma, social fraternity, president of the University Honor Council, president of the Snyder Hall Honor Council, a member of the student senate and a member of the "O" Association, athletic organization.

Roy has lettered in football and basketball for three years. He was captain of this year's basketball team, and his popularity on the campus has not affected his high scholastic record, for he is president of Alpha Chi, honorary scholarship society of America. Eligibility is based on a 90 average for two years.

OFFICE CHANGES IN COURT HOUSE BEING MADE AT PRESENT

Moving of the books in charge of the office of G. H. Brown, Navarro county school superintendent, from the book room on the north side of the basement of the courthouse was started Wednesday.

The books and supplies are being moved into the southwest corner of the basement adjacent to the main office of the superintendent. School desks are being moved out and the shelves and stacks of books, etc., will be located there.

This is a part of a re-arrangement of office space in the basement in order that the county agent and cotton program headquarters can have additional room.

Miss Clara E. Rettiger, home demonstration agent, will move her office from the southwest corner of the building into the front part of the old book room, while the back portion of the old book room will be utilized by the county agent and farm program personnel.

In former years, the room adjacent to the county superintendent's office was used as an examination site for persons taking teacher examinations and for meeting places.

WOLVES REPORTED KILLING SHEEP IN NORTHEAST NAVARRO

Wolves are making depredations against the livestock in the northeastern section of Navarro county. Earl Easterling of Chatfield reported Wednesday. Mr. Easterling has lost several sheep recently, and stated that three wolves recently were sighted in one pasture.

It is expected that wolf hunters with packs of dogs will seek to capture and kill the animals within the near future, or at least chase them out of that section.

Similar complaints were heard several years ago and drives against the pests are undertaken at frequent intervals.

Considerable damage and losses were reported several years ago.

of the afternoon's program, and she presented Mrs. Marion Martin, who gave a sketch of Texas heroes in the Confederacy, choosing Albert Sidney Johnson, Lawrence Sullivan Ross, Judge John Reagan and Dick Dowling.

Following this, Mrs. A. H. Piper presented a group of young people from the I.O.O.F. Home in a very pleasing program.

A quartet of little boys with Miss Dorothy Kinkle of the music department of the I.O.O.F. Home school as their accompanist, sang several selections; and Fern Thranert, talented reader and whistler gave two readings and then whistled "Gold Mine in the Sky" with Miss Hinkle at the piano.

Mrs. Piper introduced several prospective members that the chapter was glad to have with them for the afternoon.

Another welcome guest was Mrs. J. M. McDaniel.

The meeting was closed with prayer.

Send your order to the Daily Sun Pattern Department, 243 W. 17th Street, New York, N. Y.

Bobbie Lee Howell Weds Mississippian Here on Tuesday

Miss Bobbie Lee Howell, daughter of Mrs. Bertie Howell of Tehuacana, and sister of the Rev. Naggart B. Howell, pastor of the local Methodist Protestant church, became the bride of the Rev. S. L. Gaddy of Gloster, Miss., Tuesday, March 8, at 5 o'clock in the afternoon at the home of Miss Elizabeth Champion, 1604 West Twelfth avenue.

The impressive ceremony was performed by Rev. Howell, the bride's brother, in the presence

of members of the bride's family and Miss Champion. The bride was wearing a white satin gown and her flowers were white carnations, fashioned as a shoulder corsage.

After the ceremony Miss Champion served a lovely 6 o'clock dinner with covers laid for the bride and bridegroom, the bride's mother, the Rev. and Mrs. Howell and the hostess.

Rev. and Mrs. Gaddy left Wednesday morning for Gloster, Miss., where he is pastor of the Methodist Protestant church. Mrs. Gaddy wore a becoming navy blue chiffon velvet frock with navy blue accessories.

Forty-two Club Organized Powell On Tuesday Night

"Forty-two" addicts of Powell met Tuesday night at 7:45 at the home of Mr. and Mrs. Allen Bancroft and banded themselves into a club for the preservation and promulgation of the ancient and honorable game of "forty-two." The only qualification for membership being devotion to the cause, most of those present became charter members.

These members include: Mr. and Mrs. Dick Bush, Mr. and Mrs. Lloyd Molton, Mr. and Mrs. John MacFadden, Mr. and Mrs. J. A. Jackson, Mr. and Mrs. Virgil Haynie, Mr. and Mrs. Oscar Bancroft, Mr. and Mrs. Joe Quinn, Mr. and Mrs. H. R. Emerson, Mr. and Mrs. Tom Kenner, Mr. and Mrs. Jarvis Miller, Mr. and Mrs. J. E. Gilmore, Mrs. Esther Washam, W. T. (Pop) Johnston, Jim Richey, Fliz Kenner, Miss Thyra Kenner, Miss Katherine Kenner, Miss Pauline Kenner, Miss Katherine Holmes, Randolph Bray, N. B. Williams, Wayne R. (Mutt) Haynie, Mr. and Mrs. Allen Bancroft, hosts.

Included among the charter members, though not present, were Mr. and Mrs. Frank Cartledge, Mr. and Mrs. Clyde Ross, Mr. and Mrs. Hamp Hanks, Mr. and Mrs.

Joe Pierce and Mr. and Mrs. A. O. Murphy.

Also present were Mrs. H. A. McKinney, William McKinney, Thomas Bancroft, Edwin Bancroft, Miss Myrtle Gorman and Miss Dorothy Haynie.

Miss Lawson was made secretary-treasurer of the club.

High score for the women (3167) was made by Miss Lawson, and for the men (3287) by Tom Kenner.

Mrs. Allen Bancroft was assisted in serving delicious buffet supper after playing by Mrs. Quinn, Mrs. Kenner and Mrs. Oscar Bancroft.

Although not formally organized, the club has been in de facto existence for some time, having been entertained on previous successive Tuesday nights by Mr. and Mrs. Quinn, Mr. and Mrs. Emerson, Mr. and Mrs. Bush, Mr. and Mrs. Haynie, Mr. and Mrs. Kenner, Misses Katherine and Thyra Kenner and Fliz Kenner, and Mr. and Mrs. Oscar Bancroft.

The club will be entertained next Tuesday night by Miss Lawson, Miss Holmes and Mr. Williams at the home of Mr. and Mrs. F. L. Bray in Powell.

Corsicana, Texas

ANNOUNCEMENT— To The Cotton Farmers

OF NAVARRO AND ADJOINING COUNTIES, ALSO ALL OTHER COUNTIES

I am the representative of the Celebrated Blue Label Registered, Pedigreed California, New Mexico and Texas

"ACALA" Planting Cotton Seed

All Seed sold by me have a germination test tag attached showing 88 to 94 percent sound, according to the U. S. Department of Agriculture of the above states. Put up in 100 pound sacks only.

If you buy California or New Mexico Acala Cotton Seed, those states attach their tags, also the Agricultural Department of Texas attach their analysis tag in addition which is a great protection to all my customers..

PLEASE CAREFULLY NOTE THE WONDERFUL RECORD OF MY
REGISTERED, PEDIGREED, ACALA COTTON SEED

It should impress you very favorably. Here is what the U. S. Department of Agriculture says about my Registered, Pedigreed Acala Cotton Seed:

1st. It stands first covering an 8 year test for yield of lint cotton per acre, 238 pound average, last 5 years 243 pounds average per acre. In 1937 Acala Cotton averaged 371 pounds per acre.

2nd. Length of Lint (in 32nds of an inch), it stands first (if not, very close to it). Eight year test average 1 1-32 inches. In 1934 it averaged 1 3-32 inches.

3rd. Percentage of Lint (gin turnout) stands 1st (or very close to it). Eight year average 37.4 percent. In 1934 Acala Cotton averaged 40.7 percent.

4th. Bolls per pound seed cotton stands 1st (or very close to it). Eight year average 77 bolls to the pound. In 1931 it took only 66 bolls to make a pound of seed cotton.

5th. Percentage of crop harvested at first picking, stands 1st (or very close to it) Eight year average 68 percent for first picking. In 1934 Acala Cotton averaged 84.6 percent first picking.

The above record of the U. S. Department of Agriculture as to the merits of Acala Cotton should demand your full and complete investigation, which I very much urge you to do. If you will, you will Buy My Seed.

If you are open-minded, let me show you what the U. S. Department of Agriculture says about Acala Cotton. Also U. S. Department of Agriculture of the State of Texas.

Also County Agents of Texas who know of its greatness. Also Texas ginners who ginned it. Also farmers in Texas who planted it. If you will do this, you will buy my seed.

Remember Acala Cotton brings a premium of \$10.00 to \$15.00 per bale over the 7-8 inch staple. In other words, the premium Acala Cotton brings pay for the seed and ginning. Think of it! Planting time is near. The supply of these seed is limited.

CALL, WRITE, PHONE OR WIRE ME FOR PRICES.

NAME AMARILLO MAN PRESIDENT CATTLE RAISERS THURSDAY

**CATTLEMEN ARE WARNED
AGAINST STOCKING UP
DURING BOOM TIMES**

SAN ANTONIO, March 1.—(AP)—J. T. Sneed of Amarillo today was elected president of the Texas and Southwestern Cattle Raisers' Association at its 62nd annual convention here. He succeeds H. F. McGill of Alice.

Others elected were Richard King of Corpus Christi, first vice president; Jay Taylor of Amarillo second vice president; John N. Sparks of Fort Worth, treasurer and Henry Bell of Fort Worth, re-elected secretary.

A warning to cattlemen against overstocking their ranges and using up all their credit during boom times was sounded at today's closing session by Dwight P. Reardon, president of the Federal Intermediate Credit Bank of Houston.

"When the market is booming, some cattlemen can't think of anything but rushing out and buying all the \$60 cows they can find," Reardon said. "They are willing to plaster a mortgage on everything they own to enlarge their breeding herd. Oftentimes they load themselves with all the ranges will carry."

The banker pointed out that "no cattlemen can even hope to realize a net profit every year of his operations—it simply is not that kind of business."

Reardon said "the men that reach the top are the ones who can remember the hard lessons that hard times taught and, in the years of plenty prepare for the lean years that will surely come again."

Reardon revealed that his bank, one of the 12 such federal intermediate credit banks set up with the establishment of the Farm Credit Administration, has outstanding at present more than \$25,000,000 in loans and discounts of which more than \$14,000,000 are represented by notes based on cattle.

The three-day convention came to a close this afternoon.

Man Charged In Attack on Child In Travis Jail

AUSTIN, March 8.—(AP)—H. J. Klein, 55, charged with rape of an eight-year-old girl at Nollville, Bell county, was in the Travis county jail today. Sheriff Lee O. Allen said he was brought here from Belton as a precaution against possible mob violence.

Bell county officers said the girl was attacked last Wednesday while going home from school. Klein, a transient, was arrested in San Saba county the next day.

A special Bell county grand jury will take up the case at Belton tomorrow.

NEGRO BROTHERS TO DIE IN CHAIR FOR ROBBERY-ASSAULT

AUSTIN, March 9.—(AP)—The court of criminal appeals ruled today that Roscoe Young and Henderson Young, Harrison county negroes, must die in the electric chair for the robbery and assault of a Longview couple last August.

It affirmed the extreme penalties given the negro brothers who were accused of stopping Mr. and Mrs. Douglas Red near Hallsville, robbing Red of \$14 and assaulting his wife.

Roscoe was convicted of robbery and Henderson of rape. The highest criminal court said testimony was sufficient in both cases to support the jurors' verdicts and the appellants' guilt.

The cases were tried separately. The Reds were en route to Arkansas on a holiday automobile trip when they were forced to stop by two negroes draped in shawls and riding in another automobile.

The couple testified the negroes robbed Red of \$14 and a watch and that Mrs. Red was attacked after they forced Red at gunpoint to drive down a lateral road.

A jury returned a death sentence after six minutes deliberation in Roscoe's case Sept. 23. Henderson was given the death penalty two days earlier.

WEST TEXAS STOCK SHOWS VISITED BY CORSICANA PEOPLE

RECORD ATTENDANCE REPORTED AND MUCH IS BEING ACCOMPLISHED

Enhanced ideas of values of fair as educational exhibits and as financial investments were enthusiastically reported by a party of five Corsicana residents on their return this week from several days spent in visiting shows at Abilene and San Angelo.

The party was composed of J. N. Edens, W. E. McKinney, A. F. Mitchell, J. N. Edens, Jr., and Ted B. Ferguson, the first three being members of the board of directors of the Corsicana Live-Stock and Agricultural Association now in process of completing its organization. Previously the party had visited several other shows in West Texas including one at Sweetwater.

Record attendance and interest was reported for all of the shows with people from many counties thronging to the exhibitions and showing great interest in both the livestock and agricultural displays.

Abilene Show. Emphasis was placed on exhibits of 4-H club baby beef at the Abilene show. Members of the party reported, with some outstanding animals shown as a result of the farm boys' efforts. On the night spent at Abilene the attendance was reported to have been between 8,000 and 10,000, with the rodeo grounds and exhibit halls packed to capacity, and a carnival drawing a good attendance in connection with the fair.

Approximately 1100 animals were entered in the 4-H club beef and sheep contests at the San Angelo show according to the visitors.

Many of the animals being drawn from miles around, and hundreds of farm boys busily engaged in showing their prize specimens, many of them camping by the side of their charges during the fair, preparing their own meals and keeping the animals in shape for the show ring at all times.

More than 200 head of older cattle were also on exhibition at the show, many of them making the last stand before contesting at the Fort Worth Fat Stock Show opening this week. Interest in the fair was reported extremely high, with the town of San Angelo closed for the opening day and all business men and employees joining in parades and festivities, and they also suspended business on "Show day." Hotel accommodations were reported taxed to the limit.

Much Accomplished. The Corsicana party reported that the San Angelo show had been opened for several years, but new interest has been shown in the past two or three seasons after the directors began to place emphasis on the 4-H club work and similar activities. Effects of these fairs could also be easily seen on ranches and farms in the fair territory according to members of the Corsicana party, who accounted by better quality of farming operations and practices and by an improved quality of livestock.

Great interest in all phases of livestock was reported with some of the private shows attracting as high as 500 persons from nine or ten states.

Concrete testimony to the quality of Navarro county cattle was produced when two animals from the Edens and Wheelock ranches took grand champion honors at the show in open competition.

These two animals took top prizes at the Navarro county fair, and left immediately for the winter show circuit. The Wheelock calf, Mary Ann II, competing in the junior yearling division, was reported undefeated in her class on the show circuit, which included the American Royal at Kansas City, the International at Chicago, and shows at Denver and several other points in the west and on the Pacific coast.

Won Second Honors. The Edens calf, Publius Domini 68, won second honors in the senior calf division at Kansas City and Chicago, and won top ranking in the remainder of the shows. Both animals are now in Fort Worth for the competition there and will be returned to Corsicana at the end of the show. They are being handled by W. J. Largent of Merkel. Competition over the show circuit was reported the strongest in several seasons this year.

In addition to the two animals from the winter show circuit, Navarro county will be represented at the Fort Worth Fat Stock show by a string of eight or ten animals from the Wheelock farms, and it is known that several other breeders are now preparing strings for showing next year.

Men Who Ride Ranges Still Resourceful. Cowpuncher R. H. Bacot was riding along toward a Throckmorton ranch house thinking of the dinner awaiting him when his skittish mount sent him flying. Bacot removed his boot from a broken ankle, fashioned crutches from mesquite tree limbs and hobbled a mile to within yelling distance of the ranch house. Help came, and he was brought here for X-rays to determine extent of the fractures.

Two Negroes Were Arrested In Rice In Bicycle Thefts. Two negroes were arrested in Rice Wednesday night on charges of the theft of two bicycles recently in Dallas. The bicycles were sold at Rice. The negroes were placed in the county jail by Deputy Sheriff Alton B. Bradley and were scheduled to be turned over to Dallas officers Thursday afternoon. The bicycles are also to be returned to the owners in Dallas.

Capture Dangerous Asylum Patient. SAN ANTONIO, March 10.—(AP)—The San Antonio State Hospital's escaped "dangerous patient" was captured this morning near LaCoste by deputy sheriffs, Miller and Galloway. He was returned to the hospital where he has been an inmate for 12 years.

The peg-legged man, who escaped Tuesday night, told officers that he got tired of the hospital and went on his way to California when he was captured.

With perhaps the largest number of candidates out for spring football in the history of Corsicana, Coach John Pierce of the senior high said at least six more boys will report during the next few days at the senior high training site.

Fundamentals are being stressed at the present time.

Several Tests Hold Attention Oil Fraternity

While possibilities of the extension of the Tool Henderson county production area into this county are providing most of the conjectural difficulties in the Corsicana oil fraternity, two other tests are not going unnoticed.

With one direct offset to the Hines-Hancock well nearing the crucial depth and another local operator are watching closely for another exploration to be staked in the area south of the discovery well and the latest producer, with some possibility that a test might be made in Navarro county. Trading has been reported active recently in the north-east part of the county, but on a more cautious basis than usual because of the Opelika disappointment last year.

There is still some debate as to whether or not the oil scene of operations east of Bazette will be involved, some observers holding to the theory the fault will traverse the oiling phase several miles south of the discovery well and others feel the trend will be west of the town of Bazette in a comparatively fresh sector.

After several weeks of reports of acreage blocking, a test has been announced for the sector west of the old Currie field to be known as the No. 1 Dr. J. H. Edgar, and the new light being given on the geology of this section of the country.

Several operators are also watching closely the progress of the Stanolind No. 1 Norris, north of Kesse, where a record depth is being approached and new light being given on the geology of this section of the country.

Some Features of Monster Parade. AMARILLO, March 9.—(AP)—When preparations were started a year ago for today's mother-in-law celebration, Gene Howe, originator of the idea, said he wanted the longest and most colorful parade ever staged.

A twelve-mile parade, with the "largest float in the world" seating 600 women, all mothers-in-law, a soda pop concession was arranged for the big float.

A real lion's den dug-out, made for the oldest mother-in-law present, Mrs. Martha Rogers who came to Texas in an oxcart in 1861.

A group of 32 Indian mothers-in-law from the Navajo reservation in New Mexico marching in native costumes. An airplane model decorated with 25,000 handmade flowers. An auto owned by H. B. Sandborn, founder of Amarillo and a developer of the open range. A float covered with 30,000 handmade sweet peas, the official flower of mother-in-law organizations.

A string of horses carrying women riding sidesaddles. Three miniature railroad trains. A float entered by the City of Shamrock that depicts Irish humor. It measures exactly a city block in length.

An American Legion float for goldstar mothers-in-law. More than 50 bands. Although mother-in-law jokes were out at least for the day, humor was not overlooked. Arranged to trail behind the largest float was a midsize automobile for a real midwife. The auto was equipped with an open "mother-in-law" seat.

"Dust bowl victims" had their feet, too. Fifteen of the fattest people to be found in the parade were drafted to ride in the float and eat beef sandwiches prepared by John Snider, an early cowhand.

Parade planners remembered the fathers-in-law by representing them in the parade with a group of men wearing balls and chains.

Two Negroes Were Arrested In Rice In Bicycle Thefts. Two negroes were arrested in Rice Wednesday night on charges of the theft of two bicycles recently in Dallas. The bicycles were sold at Rice. The negroes were placed in the county jail by Deputy Sheriff Alton B. Bradley and were scheduled to be turned over to Dallas officers Thursday afternoon. The bicycles are also to be returned to the owners in Dallas.

FORMER PRESIDENT OF STOCK EXCHANGE MAKES STATEMENT

CASHIER OF FIRM TELLS OF TURNING OVER SECURITIES TO WHITNEY

NEW YORK, March 9.—(AP)—Richard Whitney, senior partner of the bankrupt brokerage firm which bore his name and five-times president of the New York Stock Exchange, today shouldered full responsibility for the conditions which led to the sensational failure of his company.

In a statement issued through his attorneys as opening hearings in a state investigation got under way, the one-time leader of the so-called "old guard" in the exchange absolved his partners of blame and acknowledged "certain of my actions were wrong."

He offered to take the consequences. "In the interest of the public and of my business associates and friends," the brother of a J. P. Morgan partner, George Whitney, and long a Wall Street leader, said he was making the following statement:

"In the first place I want to say emphatically that the difficulties in which my firm has become involved are the result of actions as to which I alone have responsibility, and in which my partners, none of my business associates or connections and, in fact, no one but myself has had any responsibility or participation."

"In the second place, I fully realize that the conditions which have been wrong. I am determined to meet the consequences in the hope and expectation that thereby I can contribute to improvement of the situation and can give evidence of my purpose to do whatever lies in my power to repair the loss which any one has suffered."

"I am therefore, putting myself at the disposal of the attorney general of the state who is now investigating and shall be ready to give him a full statement."

It was signed "Richard Whitney."

NEW YORK, March 9.—(AP)—Robert J. Rosenthal, cashier of the bankrupt firm of Richard Whitney & Co., testified today he took large blocks of securities of accounts held by the firm for safekeeping and investment, and handed them over in January to Richard Whitney, former president of the New York stock exchange and senior partner in the firm.

Rosenthal, a sworn witness at a public hearing before Assistant New York State Attorney General William V. McCall, said two or three blocks of securities were from the account of the New York Yacht Club and the estate of Ella Haggin McKee.

Records identified by the cashier—who has been with the Whitney firm since organization in 1916—showed that as of March 2, 1938, the McKee estate had a "margin" position of 2,000 shares of Homestake Mining Co. with a present market value of around \$118,000.

"Do you have this stock in your possession now?" McCall asked. "No," the cashier replied. "Where is that stock?" "I delivered that stock to Mr. Whitney in January."

"What do you mean?" the assistant attorney general asked. "He asked for it and I gave it to him," Rosenthal replied. The cashier then identified the account sheet of the New York Yacht Club and said it listed U. S. treasury and bonds with the approximate market value of \$125,000. He said he also gave these securities to Whitney in January.

"Did you have instructions from the New York Yacht Club or the McKee estate to transfer the stock to Mr. Whitney?" McCall asked. "Only from Mr. Whitney," the witness replied.

"Then in other words the transfer was made without any order from the Yacht Club or Mr. McKee?" "That's right," Rosenthal replied.

"Is it not a fact that the McKee stock is pledged with the Public National Bank for loans of Mr. Whitney?" McCall asked. "I believe it might be," Rosenthal replied. "I don't know."

Lorenz Named Receiver. NEW YORK, March 9.—(AP)—Judge Francis G. Caffey in federal court today named Joseph Lorenz, an attorney, receiver in bankruptcy for the Wall Street brokerage firm of Richard Whitney & Co.

The firm filed a petition in bankruptcy last week, following its suspension from the New York stock exchange and New York curb exchange.

Judge Caffey directed that Lorenz file a bond of \$50,000.

General Motors February Sales Show Increase

NEW YORK, March 8.—(AP)—Sales of General Motors cars and trucks to consumers in the United States in February amounted to 52,531 units, compared with 53,069 in January and 51,600 in February, 1937.

Sales to dealers in the United States in February were 63,771 units compared with 66,938 in January and 49,674 in February, 1937.

Total sales to dealers in the United States and Canada plus overseas shipment were 84,449 units compared with 94,267 in January and 74,567 in February last year.

For the first two months sales to consumers in the United States totaled 125,900 units compared with 144,598 in the like period of 1937. Sales to dealers in the United States for the first two months amounted to 120,209 units against 120,575 in 1937. World sales totaled 188,716 against 178,235 in 1937.

MACHINERY SET UP FOR FARMERS VOTE ON CONTROL PLANS

MORE THAN TWO MILLION GROWERS OF COTTON AND TOBACCO TO PARTICIPATE

WASHINGTON, March 9.—(AP)—The agriculture department set up machinery today to take a farmer vote Saturday on invoking control provisions of the new farm law for the first time.

Polling places were established in 20 states where more than 2,000,000 cotton and tobacco growers can say whether they want a quota system to hold surplus yields of their crops off the market.

In ordering the election, department officials said markets already were over-supplied with these commodities. The quota system was necessary, they contended, to keep additional surpluses from moving into trade channels and depressing prices still further.

Approval of two-thirds of the farmers participating in the referendum—one for cotton and one each for flue-cured and dark types of tobacco—would put the quota device into operation.

AAA chieftains said today they had received reports of "strong" opposition in Texas and Oklahoma to cotton restrictions and in the Carolinas to quotas on flue-cured tobacco.

While not directly affected, growers of corn and wheat watched the referendum with interest. They may vote later this season on proposals to apply the quota system to their crops. Growers of rice, the only other crop to which the control system might be applied, are specifically exempted from quotas this year.

The quota program would limit sales of 1938-grown cotton to about 11,000,000 bales, compared

with last year's record crop of 18,748,000 bales. Among the states in which cotton referenda will be held, and an estimate of the number of farmers eligible to vote: Arizona, 2,370; California, 3,800; Kansas, 110; New Mexico, 3,260; Oklahoma, 126,250; Texas, 3,650,000.

Mrs. Roosevelt's Bouquet. AMARILLO, March 9.—(AP)—Mrs. Franklin D. Roosevelt's mother-in-law gift of 5,000 matched red roses was described today as the largest bouquet ever assembled. Weighing a ton, the bouquet had

to be presented on a large crane. The roses were assembled on a frame of heavy timber and steel. Fifteen bales of moss was used in the "irrigation system" of the bouquet, which was 16 feet long, 9 feet high and 5 feet wide.

Mrs. Roosevelt requested that the bouquet be taken apart and that the roses be given to shut-in mothers-in-law, hospitals and the local tubercular preventorium for children.

Beauty Diary

of Edna Kent Forbes
SKIN FEEDING.

What to do to help out your complexion is the topic under discussion in Miss Forbes' diary today.

Feeding the skin over the entire body, instead of confining it just to the face and neck will bring fine results to the complexion. The reason for this is that the skin is an organ of assimilation, as well as that of elimination and if the entire area is fed and toned all of it will be healthier including the exposed portions. It means a better circulation directly under the skin, all over the body, and you cannot build the whole area without raising the tone of the exposed portions.

There will be fewer pimples, enlarged pores, oily or very dry skins, and all the disfiguring blemishes, including blackheads and whiteheads. The reason the face gets these blemishes instead of the rest of the body is that the exposed portion gets the air, and so much more attention than the skin over the body. Even so, the skin of the exposed part of the body is much healthier than the portions covered with clothing. Feeding it all over the body helps much, and the best food is lanolin. A very little bit in the palm of the hands rubbed into the skin following a warm bath or shower will be enough. As a second choice, milk, and again possibly a diluted yolk of egg, is just as fine. Diluted honey is also food for the skin. Some persons shift from one to the other, varying it daily, since it amounts to a diet. When the skin of the face and neck gets so much cream, oil, cleansing, stimulation, etc., no wonder it becomes the outlet for impurities. A few minutes' rub all over when skin is moist and warm will build and make a healthier state, and lasting beauty is built that way.

Mrs. H. Y.—For clearing the pores and stimulating the skin try the following treatment: Rub

any good oil into the skin, and apply a hot wet towel, covering all of it, even to your neck. This will act like a mask. In about five minutes remove the covering and wash the face and neck with hot soapy water. For general stimulation apply the hot wet towel, let it cool, say five or more minutes. Repeat this then with a cold wet towel for a minute. If the skin feels dry from this treatment, go over it with a very little cream, but, in any case, close the pores by douching the skin with cold water until it tingles, and dab a little witch hazel on a piece of cotton and put it over all the skin. Very dry skins cannot be treated like those that secrete normally, so it is a question whether any astringent even so simple as one as witch hazel. In fact, cold water will always be stimulating and never drying. You may stop the treatment right with that if you have the sort of skin that feels drawn after giving it extra cleansings.

Mrs. G.—Have your brows trimmed to the amount that is becoming to you. Very bushy brows must be brushed into alignment or trimmed, as needed. There is no reason why you should lose what is characteristic in your brows. You may not even need to have any tweezing done.

If you have any beauty problems you cannot solve, write for Edna Kent Forbes' three "Beauty" booklets: (1) "Fifteen Minutes' Day for Beauty," (2) "The Finer Points of Beauty," (3) "Eating and Bathing for Beauty." Send ten cents (in stamps) for each booklet, to day for printing and handling and enclose a stamped, self-addressed envelope (S.A.S.E.). Address: Edna Kent Forbes, c/o this paper.

CONGRESS

(Continued From Page One)
The treasury is preparing alternate revenue-raising proposals to fill the \$41,000,000 gap in the new tax bill left by defeat in the house of a special tax on closely-held corporations.

"If and when Mr. Doughton (chairman Doughton D-NC) of the house ways and means committee calls on us, we will have a number of optional ways of raising additional revenue to present," the secretary said.

Doughton declined to comment on yesterday's house action except to say the administration wanted any revenue losses in the bill made up.

Search for New Revenue Under Way
WASHINGTON, March 10.—(AP)—A frantic search for new revenue occupied administration leaders in congress today, because they held little hope of persuading the house to restore to the tax bill a deleted levy on closely-held corporations.

They decided to call for another vote on the proposal, despite their general pessimism that it merely would reaffirm the 180 to 124 margin by which the tax was blue-pencilled yesterday.

The democratic members of the house ways and means committee decided not to recommend substitute levies to offset the estimated \$35,000,000 to \$45,000,000 revenue loss.

They declared that since the entire house had discarded the so-called "B" tax, it should assume the responsibility for raising more funds or should turn the task over to the senate.

Representative Robertson (D-Va) proposed raising the federal liquor tax from \$2 to \$2.25 a gallon. He said the increase would produce \$35,000,000.

Representative Flannery (D-Pa) suggested a 1-cent-a-gallon tax on fuel oil. The yield was estimated at as high as \$175,000,000.

Virtually all the 80 republicans and as many democrats teamed up to eliminate the "B" tax and give the administration its first major defeat in the current session.

New System of Processing Taxes
WASHINGTON, March 10.—(AP)—Senator Pope (D-Idaho), an author of the administration's farm program, said today he was drafting a new system of processing taxes designed to raise \$200,000,000 annually.

Approximately \$500,000,000 a year now is available for financing the farm program, but Pope said this would be inadequate.

He said he hoped new progressive levies could be enacted at this session, so that revenue would be available for payment of benefits on next year's crops.

A tentative plan, he said, would coordinate a system of taxes on cotton, wheat, rice and possibly tobacco with the tariffs on the various commodities.

"In a case where you had a high tariff on a commodity," Pope explained, "you could have a higher tax than on a low-tariff commodity."

The levies would be designed to raise \$115,000,000 on cotton.

Urges Aid for Farm Youth
WASHINGTON, March 10.—(AP)—M. L. Wilson, undersecretary of agriculture, urged expansion of federal assistance programs for the 6,874,000 youngsters 15 to 25 years of age on American farms.

Testifying before the senate employment and relief committee, Wilson said the vocational education and agricultural expansion service were doing "exceptionally fine work" but that lack of funds prevented them from reaching all eligibles.

"Small loans, accompanied by skillful supervision can help in thousands of youthful farmers to get a start toward success in agriculture," he declared.

Left in the bill were proposals for appointment of one additional district judge in each of these districts:

Eastern Louisiana, Western Louisiana and Southern Texas.

The revised bill also retains provisions for one additional judge in the fifth circuit, which comprises Florida, Alabama, Mississippi, Louisiana, Texas and Canal Zone.

WASHINGTON, March 10.—(AP)—Carl Ross, secretary of the Young Communists League, Inc., refused to tell a senate committee whether he would bear arms against Soviet Russia in case of war.

Senator Lee (D-Okla.) asked the 24-year-old New York youth if he would "bear arms under the flag of the United States against the red flag of the Soviet Union."

Ross replied the question was "preposterous" and added that young communists "deal with reality" and not "fantasy."

The witness, who said he represented 15,000 youths from 16 to 30 years of age, favored enactment of the American Youth act, which would set aside \$500,000,000 to finance education.

WASHINGTON, March 10.—(AP)—A spokesman for wheat growers today said that "the economic collapse of agriculture is due to uncoordinated policies of the federal government and to drought."

W. L. Thatcher, chairman of the wheat conservation conference told the senate unemployment and relief committee that high tariff duties had contributed largely to the economic collapse.

Previously, M. L. Wilson, undersecretary of agriculture, had testified that expansion of federal assistance was needed to aid the 6,874,000 young people between 15 and 25 on American farms.

Minner, a resident of St. Paul, Minn., said the wheat growers "in harmony with the philosophy of the farm production adjustment, regulations of storage and marketing as part of the re-balancing of production within a capitalist system."

WASHINGTON, March 10.—(AP)—Frank R. McNeill, chairman of the Federal Communications Commission, told reporters today he had heard that the report on the commission's long investigation of the American Telephone and Telegraph company had recommended a "separation" of the Western Electric company from the A. T. & T., but had not as yet seen the report.

Red River Dam Included
WASHINGTON, March 10.—(AP)—Representative Rayburn (D-Tx) after a White House conference today said he "convinced" the \$54,000,000 Red River improvement project, including a dam at Denison, Texas, had been approved for inclusion in an omnibus flood control authorization bill.

Checking up on the status of the project with President Roosevelt, Rayburn told reporters the report on the army engineers had "passed over" the President's desk and he presumed it had been returned to the secretary of war for transmission to congress.

PURGE
(Continued From Page One)
ures in Soviet Russia, now all charged with being enemies of Joseph Stalin, secretary of the central committee of the Communist party and key figure of the government.

Evidence was concluded yesterday at a closed session at which, a communique indicated, a sex motive was injected into the trial.

The communique said Genrikh Yagoda, formerly head of the NKVD (secret police), admitted ordering homicidal medical treatment for Maxim Peckoff, son of Maxim Gorky, the writer, for "personal aims."

Although the announcement did not refer to Yagoda's love interest in Peckoff's wife, it was interpreted as referring to that.

Yagoda the man who wanted to be a "Russian Hitler," previously had admitted "full guilt" in ordering medical treatment for Peckoff's wife, it was interpreted as referring to that.

TVA

(Continued From Page One)
themselves, vished to delay their projects.

Otherwise he said TVA money would go forward as arranged.

It was in the letter that Willie had failed to defeat TVA developments and was now asking the government to act in bad faith with the cities.

"Having failed completely to prove his case in the courts, Mr. Willie now, in effect, asks us to 'conspire' with him and to refuse to carry out our obligations to the cities in order that he may negotiate with TVA."

"Mr. Willie has had five years in which to negotiate but he chose to exhaust every legal technicality in his efforts to thwart the government's policy. Now that he has been shown in every hand, as asked the government to act in bad faith with the cities."
